THE LINCOLN STAR

FIFTY-EIGHTH YEAR No. 66 LINCOLN, NEB., THURSDAY MORNING, DECEMBER 17, 1959 SEVEN CENTS

Underwood Urges Housing Specialist, Advisory Group

Recommendations Submitted For Minimum Standards Ordinance Enforcement

By Virgil Falloon

A 3-point program for administering Lincoln's minimum standard housing ordinance on existing housing has been recommended to the City Council by Dr. George R. Underwood, director of the City-County Health Dept.

The recommended program, requested by the Council several weeks ago, would:

—Employ a housing specialist with training and experience to coordinate and administer the program.

—Organize a "co-ordinating and advisory committee" of official agencies and other organizations that would be involved.

—Initiate the program within the "existing form of the ordinance." Any desirable changes would be submitted to the Council after need was brought into realistic focus.

"Vigorous enforcement" of the minimum standards ordinance as to existing housing was recommended to the Council by the Mayor's Council on Human Relations.

Dr. Underwood

It has been enforced as to new construction, but a policy of non-enforcement as to existing housing was directed by the Council when the measure was adopted in 1956.

Considering a policy change, the Council recently directed the health department to prepare and recommend an administrative program for enforcement as to existing housing.

Debate Monday

Mayor Pat Boyles said Wednesday that Dr. Underwood's recommendations and the accompanying report, which are now in the hands of the Council members for study, would be considered next Monday at the regular meeting.

He said Dr. Underwood would be present to discuss details with the Council.

In the recommendation for employment of a housing specialist, it is suggested that consideration be given to creating a "Housing Coordinator," who would direct coordination between the minimum standards program, low-rent housing program, and urban redevelopment.

The health director reported that a housing consultant from the U.S. Public Health Service can be obtained "on a loan basis for a period of several months."

The departmental report observes that while the minimum standards ordinances "deals basically with problems of a health nature," consultation and coordination with other departments and agencies "are essential to a good housing program."

Cor-ordination, Advise

Dr. Underwood recommended an inter-agency coordinating and citizen's advisory committee as a "desirable adjunct to a housing program."

Suggested committee representatives would include building inspection, planning commission, welfare agencies, real estate, home builders, parks, banks and financing agencies, fire, health, news media and others.

Recommended steps in initiating the minimum standards housing program would include:

—Organize the coordinating and advisory committee and formulate the basis of coordination and work.

—Determine the size and location of the first area to inaugurate the program.

—Conduct the minimum standards survey in this predetermined area. Survey by area and complete one before going to the next.

—Follow up the survey with notice of corrections needed and their proper enforcement.

Les Sanger, director of sanitation, reported that the "so-called housing problem is less than in most cities of this size, but it is sufficient to bruise the city's conscience and is deserving of organized action."

If it is too harsh an action to bring the relatively small quantity of substandard housing up to acceptable minimum standards in an orderly and systematic program, then the city should gird its conscience and reflexes to inevitable episodes like those already experienced, he said.

Listed were these: three children perish in dilapidated shack fire; family with 7 children living without sanitary facilities or adequate heat; itinerant almost burns to death in shabby rooming house; a minority group is without decent housing.

Ike's Stock In France Slumps

Paris Policies Displease U.S.; Summit Meet Only 2 Days Away

By Arthur Gavshon

Paris (AP)—President Eisenhower's stock among French officials has sunk to a low ebb only two days before his arrival in Paris for a Western summit meeting.

Eisenhower is under attack among the higher echelons of the French administration, not so much as an individual, but as head of a government that is sharply at odds with President Charles de Gaulle's policies.

Two controversial issues are creating at least a public impression of a U.S.-French crisis:

1. The United States dislikes the proud de Gaulle's attitude toward the Atlantic Alliance. His refusal to pool some of his French forces causes irritation. His resolve to lead France into the atomic weapons business at a time of delicate negotiations with the Soviet Union in Geneva on nuclear disarmament also raises U.S. misgivings.

2. For its part, France resents what officials consider to be inadequate U.S. support for de Gaulle's quest for an Algerian settlement. The U.S. abstention in last Saturday's United Nations vote on Algeria stunned Paris.

Confidential Report

A highly confidential report from the French Embassy in Washington to the Foreign Ministry here underlined the situation.

According to reliable information, the report asserted that not much can be done to resolve French-American differences while Eisenhower remains in the White House and his present policies prevail.

Some French complaints center around what officials say is Eisenhower's inability or unwillingness to get down to detailed technical negotiation on mutual problems.

Some French are saying that Eisenhower had every chance to settle basic questions dividing France from its allies when he met with de Gaulle here last September.

One official then added: "Instead all the President kept telling us was 'I love you, I love you, I love you.'"

Whatever the current—and sometimes changeable—views of French officials may be, one thing was clear from Eisenhower's last visit to Paris. He fills a warm place in the hearts of ordinary Frenchmen as the hundreds of thousands who lined the streets to cheer him testified.

Fidel Sees Invasion; Hits U.S.

Havana (AP)—Prime Minister Fidel Castro predicted Wednesday his followers "will have to defend the revolution with weapons at hand" against an invasion of Cuba in 1960.

"It will come because there is a great campaign outside and here," he declared in a 4½ hour television speech to about 1,200 delegates at a conference of sugar workers.

"I hope I am wrong, but they will come—I am sure we will annihilate them," he said. Castro did not identify "them."

His speech was filled with jibes at the United States.

The prime minister blamed the recent steel strike in the United States for slowing down his agrarian reform program because it interferred with tractor production. He castigated the U.S. for not resolving its racial problems and for hinting it might reduce Cuba's sugar quota because American-owned property in Cuba has been seized.

Declaring Cuba's sugar lands will be turned into peasant co-operatives next year, he said "The cane is going to belong to our peasants, cane from which will come foreign exchange to buy equipment and factories."

Tourism Tirade

Of the growing reluctance of American tourists to visit Cuba, he asked why didn't "they tell tourists not to come when the citizens were being assassinated, when workers couldn't assemble and people were tortured (under ex-dictator Fulgencio Batista)."

"Is it perhaps they are afraid they'll see happy people (now)—is it perhaps they are afraid the example of Cuba will become the example of America?" he asked.

Castro harangued the rich with a warning that luxuries will have to go.

"If fuel is lacking, we'll take it from Cadillacs, not from tractors . . . and when the hour to tighten our belts arrives, for that we have (economic czar Ernesto "Che") Guevara in the national bank," said Castro.

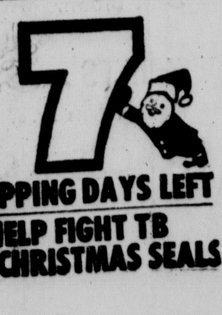

"Let the privileged classes cry to heaven or to Washington which is where they're going to cry—to Uncle Sam—since they always take their complaints there."

Woman Follows Husband In Death

Mrs. Mary Ketelhut, 81, of 521 No. 27th, died Wednesday night, just 3 days after the death of her husband, Henry.

Mrs. Ketelhut was a member of Sacred Heart Church.

The couple had been married for 61 years.

Touhy Ambushed, Slain Near Home

More Business Than He'd Like

Business is almost too good at the post office here. Hard at work with one of the many Christmas parcels is Victor K. Vifquain of Lincoln. (Star Staff Photo)

Shotgun Blasts Fell Him, Friend

Chicago (AP) — Roger (The Terrible) Touhy was ambushed and killed by 5 shotgun blasts on the west side Wednesday night by two assassins who reportedly posed as policemen.

His companion, retired Police Sgt. Walter Miller, a principal defense witness at Touhy's trial, was critically wounded.

Touhy, 61, tough prohibition era gangster who attracted wide attention by his sensational breakout of Stateville Penitentiary in 1942, was paroled only 22 days ago after serving nearly 26 years for kidnaping John (Jake the Barber) Factor.

Miller told Police Capt. John Corcoran as he was being wheeled into emergency surgery: "We got out of the car, a couple of houses away (from 125 N. Lotus where the shooting occurred) and walked up onto the porch and the shooting began.

"I thought it was the fourth of July."

Miller said he saw two men, possibly three, drew his revolver and fired.

He said he believes he hit one of the ambushers because he saw one limp away.

All Fled

All of the ambushers fled down a nearby alley, Miller said.

Ironically, Factor, of Beverly Hills, Calif., was in Chicago pressing a libel suit against Touhy.

"I am very broken up about it—I hope they get the killer," said Factor.

"I was sitting in a restaurant eating when the manager came over and said he heard over the radio Touhy had been shot," Factor told the Associated Press. "I didn't learn he had died until I got back to my hotel room."

"This really breaks me up and I'm very sorry to hear it. I just hope they find the killer."

Wrote Book

The dimunitive Touhy had devoted most of his time since his release to his recently published book, "The Stolen Years," his story of his life.

Touhy, Miller, and Ray Brennan, a reporter for the Chicago Sun-Times and a co-author of the book, had discussed the work earlier in the evening at the Chicago Press Club in downtown Chicago.

Touhy and Miller left the press club and were returning home when the shooting occurred.

They walked from Miller's car to the home of Touhy's sister, Mrs. Ethel Alesia at 125 Lotus Street, and were climbing the steps when 5 shotgun blasts rang out.

Companion Fired

Touhy pitched forward on his face. The pellets tore a large chunk of flesh from his thigh. Miller, who is permitted to carry a pistol, whirled and fired five shots before he collapsed.

The blasts tore out the glass front of the door, the transom over the door and riddled the hallway ceiling.

His sister and her husband, Henry, rushed out but said they didn't see the gunmen.

Touhy mumbled that he was shot by two men who said they were policemen, his sister told newsmen.

All available squads of police ringed the neighborhood in an attempt to trap the gunmen.

Dies At Hospital

Touhy was semi conscious when police rushed him to a hospital. He died on the operating table a short time later from loss of blood.

ROGER TOUHY

Miller was taken to a different hospital where his condition was reported as fair.

Factor has filed a 3 million dollar libel suit against Touhy and others on the basis of Touhy's book.

Brennan hurried to the hospital where Touhy died. He told a reporter:

"I wish I had not written the stinking book. Roger would be alive today."

'Was Cheerful'

Brennan said Touhy never felt better. "He was cheerful and he had no premonition that this was going to happen."

Brennan said he and the representative of the book's publisher, Richard Brown, met Touhy and Miller at the Chicago Press Club about 6 p.m. He said Touhy had three bottles of beer and some appetizers and that they chatted until around 9:15 p.m. when Touhy and Miller left.

Touhy was sentenced to 99 years for the Factor kidnaping and was given another 199 years for his part in the mass prison escape that gave him short-lived freedom before FBI agents recaptured him in Chicago.

Clemency action by Gov. William G. Stratton made his parole possible.

Touhy maintained he was innocent of the Factor kidnaping, contending he was convicted on perjured testimony.

Touhy was one of 6 sons of a Chicago policeman. He was a leader of the Touhy Gang that waged a vendetta with the more powerful Capone synidicate during prohibition days.

Three of Touhy's brothers were shot to death and one died of natural causes.

2 Nebraskans Vie In Rhodes Competition

Omaha (AP) — The Nebraska Committee on Selection for Rhodes Scholarships named two Nebraskans as candidates for the scholarships at Oxford University Wednesday.

The two, both 21, are Howard J. Kaslow of Omaha and Russell L. Rasmussen of Allen.

Kaslow is a senior at Yale University, majoring in political science, and Rasmussen is a senior in engineering at the University of Nebraska.

They were selected from among 8 candidates.

The two will enter the midwest finals at Des Moines Saturday and will compete against two candidates each from Kansas, Missouri, Iowa, Minnesota and South Dakota for 4 Rhodes scholarships.

Terry Invites Vic To File For 'Philosophies' Test

By Don Walton

State Sen. Terry Carpenter Wednesday invited former Gov. Victor Anderson to enter the Republican gubernatorial primary race, thus setting into motion political forces which would provide "a test of directly opposite philosophies" in the May struggle.

Carpenter is on record as a GOP gubernatorial candidate if Anderson should file.

The Scottsbluff senator's comments followed on the heels of an announcement by State Sen. John Cooper of Humboldt that he is entering the Republican fray.

Anderson has not yet revealed his 1960 plans.

"It is my desire that Gov. Anderson represent that faction of the party opposed to my philosophy of government," Carpenter said.

"For others, such as Sen. Cooper—who certainly has as much right to file as anyone else—to enter the race, it seems to me, only divides the same position."

Carpenter continued:

"The issue, it seems to me, should be determined between the two men whose directly opposite views are best known and tested.

"Gov. Anderson is the best qualified and best able to represent the viewpoint which did exist and which, I believe, was repudiated in the last general election."

An Anderson-Carpenter test, the senator suggested, would provide "an emphatic and conclusive decision" on opposing Republican philosophies.

Such a contest, he said, would "involve something other than just flag-waving."

(Story on Cooper's filing on Page 35.)

RAIN IS EYED FOR SE SIDE

Possible rain and fog is predicted for the extreme southeastern portion of the state Thursday night.

Partly cloudy to cloudy skies will prevail in the east with clear to partly cloudy conditions in the west.

Temperatures will remain mostly in the 48 to 58 range Thursday.

North Platte reported both the state high and low temperatures Wednesday with the mercury surging to a warm 60 and dropping to the low of 20.

Lincoln reported a high of 53 and low of 30 Wednesday.

The Weather

NEBRASKA: Clear to partly cloudy west, considerable cloudiness east Thursday and Thursday night; partly cloudy over state Friday; rain and fog extreme southeast Thursday night; cooler west and central Thursday; highs Thursday 48 to 58.

KANSAS: Partly cloudy west, considerable cloudiness with rain and fog east Thursday; increasing northeasterly winds Thursday; high Thursday 45 to 50.

In The Beginning

OUR CHRISTMAS STORY

By Mrs. Billy Graham

As Told To Elizabeth Sherrill

Chapter 2

If the Book of Luke gives us only part of the Christmas story, where is the rest of it?

To find the beginning we have to go back a long way.

The first Christmas when Jesus was born in Bethlehem was almost two thousand years ago, but we have to go back further than that. We have to go back before Mary and Joseph themselves were born. Back before there was any town of Bethlehem. Before there were any towns at all. Even before there were any people on the earth. In fact, so far back that there was no earth.

Mrs. Graham

There were no stars then, either. No sun, no sky, no rain. In those days—except that there were no days—space was empty. In all the universe, there was only God Himself—and the Angels.

The Christmas story goes back that far.

In that long ago, unimaginable time, God began to make things. He made things because He was God, and God loves fullness better than emptiness.

At first the universe was dark, so God made the burning stars—our sun among them—for light. He made our

God liked to see Adam stroke the lions and the buffaloes.

'59 Corn Output Soars Upward

Nebraska's 1959 corn crop estimate has been revised to a whopping 350,096,000 bushels—an all-time record. (Story, Page 2)

Today's Chuckle

A lot of Christmas shoppers are finding you can take it with you; in fact, you'd better.

Record State Corn Total Is Increased

350 Million Bushels Estimated; Per-Acre Yield Listed At 49.5

By The Associated Press

Nebraska's 1959 corn crop estimate was placed at an all-time record 350,096,000 bushels as government statisticians upped the production estimate 3 million bushels from the November figure.

The state's previous total production mark was 294,036,000 bushels in 1927. Large acreages, rather than record yields, accounted for that mammoth output.

Yield per acre, currently estimated at 49.5 bushels, ranks second only to last year's revised figure of 52.5.

On the national level the corn crop was reported at 4,361,000,000 bushels compared with 3,800,000,000 last year. This crop was 34% above average.

In its final production survey of the year, the Agriculture Department said the index of total crop output would match last year's record.

The estimate placed the index at 118% of the 1947-49 base average.

National Record

Last year's production surpassed the previous high—set in 1948 and matched in 1956 and 1957—by nearly 11%.

For Nebraska the new estimates made no change in the size of the winter wheat crop, held down this year by wheat mosaic, hessian fly, heat and rust.

But there were other high spots in the report. State-Federal Agricultural statistician A. V. Nordquist of Lincoln noted that:

—Sorghum yields of 45.5 per acre were the second largest of record, topped only by last year's 48.0.

—The dry bean crop was the largest since 1949.

—The sugar beet yield of 17.2 tons per acre, after an "almost ideal" season, set a new record and over-all beet production was the highest since 1936.

Small Grains Dwon

Small grain crops didn't fare as well, Nordquist noted.

Oats production, hit by the cereal yellow dwarf disease, was generally disappointing. Acreage harvested was the lowest since 1887 except for 1934 when drought cut harvested acres.

Rye yield per acre ranked above average but the crop fell short of last year's bounty.

Nordquist said the revision in corn production estimates since last month resulted from final surveys which showed there were more acres for harvest than had been calculated. The estimate on yield per acre actually dropped from 50 to 49.5 bushels during the month.

VFW Distributes Gifts At Hospitals

Officers of the Dept. of Nebraska Veterans of Foreign Wars and its Auxiliary aided in preparing the more than 1,000 gift packages which are being distributed to veterans in 4 state hospitals. The first of the packages were presented at parties at the Lincoln State Hospital, Tuesday, and at the Lincoln V.A. Hospital, Wednesday. Other parties are scheduled for the Grand Island V.A. Hospital, Thursday, and the Omaha V. A. Hospital, Sunday. Helping prepare the gifts were: (left to right) O. C. Adcock, deputy VFW commander, Mrs. Ann Trimpey, deputy president of the VFW Auxiliary, Mrs. Nate Grossman, auxiliary chairman, and Nate Grossman, VFW chairman. **(Star Photo.)**

Ike Nears Brief Stop In Tunisia

State Of Union Speech Gets Attention On Ship

Tunis (AP) — President Eisenhower landed in Tunisia Thursday, bringing his mission of peace in freedom to the eighth nation of his 22,000-mile tour.

By Associated Press

Rested and relaxed, President Eisenhower sailed over the sun-bathed Mediterranean Wednesday.

Comfortably clad in sports coat and slacks, the President took it easy most of the day as he headed for Tunisia, where Thursday he will confer with Tunisia's President Habib Bourguiba.

After a brief stopover in Tunis — eighth stop on his 11-nation mission — the President will return to the U.S. heavy cruiser Des Moines for a 24-hour cruise to Toulon. In the French city Friday, he will board a special train for Paris to attend the Western summit conference opening Saturday.

During this first rest break in his tour, the chief executive put in two hours on the State of the Union message he will deliver to Congress in January. He worked with speech writers.

Mrs. John Eisenhower helicoptered from the Des Moines to the aircraft carrier Essex for luncheon with the 6th Fleet commander, Adm. George W. Anderson.

The Essex band played "Little Girl" as Barbara landed on the carrier's flight deck, smiling and waving.

Medical Society Names Dr. Stone To Top Committee

Dr. Frank Stone was named to the executive committee of the Lancaster County Medical Society in the Society's annual election.

Re-elected to the executive committee was Dr. Paul Maxwell.

Drs. Maurice Frazer and H. V. Munger were re-elected as delegates to the Nebraska State Medical Assn.

Previously announced was the election of Dr. Clarence K. Elliott as president-elect. Dr. Paul M. Bancroft became president for the coming year.

Dr. Forest I. Rose was re-elected as secretary-treasurer.

Postal People Hope Snow Gives Lincoln Wide Berth

It may not seem like Christmas without snow, but Lincoln Post Office workers are hoping the white flakes will hold off until after the holidays.

Clear weather has been a boon to keeping the giant flow of letters and parcels on the move.

"A heavy snow would jam the operation badly at this time," a postal spokesman declared, "Right now, we're running on schedule."

The holiday mail season peak is expected to hit Lincoln Friday or Saturday.

However, weather isn't the only factor boosting mail delivery.

"After all these years, the public is starting to realize the importance of mailing early. This helps the speed of our operation greatly," he said.

Cops Say Boy Killed Mother

Sioux City, Ia. (AP) — A 15-year-old Sioux City boy shot and fatally wounded his mother Wednesday night, police said, fled in the family car and later was captured in a high speed chase at Sioux Falls, S.D. about 100 miles north of here.

Asst. Police Chief Russell White said the shooting occurred during an argument between the boy, Robert Butler, and his mother, Mrs. Edwin Butler, 55, over some trouble the youngster had with school officials.

Mrs. Butler died at St. Joseph's Mercy Hospital with two bullet wounds in the abdomen and lacerations about the hands and head.

Postmaster At Lyons Is Dead

Lyons (AP) — Funeral services will be held Thursday for Fred Loper Orr, 69, Lyons postmaster. He suffered a heart attack while at work.

He was a graduate of the University of Nebraska Mechanical Engineering College and once taught at Rice Institute, Houston, Tex.

State Expected To Reach Its Savings Bond Goal In 1959

Omaha (AP) — Frank B. Heintze of Omaha, Nebraska director of savings bond sales, has gone to Washington for a sales conference, taking word with him that Nebraska apparently will gain its 1959 goal of $93,500,000 in sales.

November sales in Nebraska were $6,629,485 and as of last week the year's total was $89,994,565.

Last year Nebraska reached its yearly quota in October and for all of 1958 was 20% over the quota.

Ganz' African Trip Featured At Hebron

Lincoln Star Special

Hebron — Carl Ganz, Lincoln banker, presented a travelog complete with pictures on the recent trip he and his wife made to Africa at the annual ladies' night Christmas party of the Hebron Rotary Club.

In charge of the program were William Doran and J. R. Kenner Sr.

Two Abandoned County Buildings Sold At Auction

Two unused county properties were sold at auction for a total of $8,400.

Harvey Taylor of 5740 No. 70th purchased the old County Detention Home at 746 Rose for $5,850. It has been vacant since the home was moved to Westview Nursing Home north of Lincoln several years ago.

Godfred Amen of 845 A purchased a county-owned house at 326 B for $2,550.

Santa And Trappings Missing From Lawn

Santa Claus, sleigh, reindeer and all are gone from the lawn of the Robert Mullins residence at 1027 So. 23rd.

Mullins reported to police theft of a Christmas display made of a two-foot high Santa and a sleigh and reindeer of about 18 inches high.

Planners Urge Council OK Of Interstate Access Links

By Virgil Falloon

The City-County Planning Commission unanimously recommended Wednesday that the proposed Interstate Highway access connections to Lincoln be okayed by the City Council.

Chairman E. J. Faulkner said the State Highway Department plan "is basically identical" to that developed by Harland Bartholomew & Associates and adopted by the commission nearly 1½ years ago.

The commission also endorsed the proposed $3.25 million improvement plan for the city park system on a bond issue to be submitted to the voters next May.

The commission went on record as favoring submission of the park system, the county geriatics unit, and Salt Wahoo watershed issues to the voters in May and the city-county building issue in November.

Okay Permit

Following regular public hearings, the commission approved a special permit to the Y Motel at 5600 Cornhusker Hwy. for construction of 32 new units, a swimming pool and restaurant.

By a 7-1 vote, the commission recommended denial of the proposed 60-lot Fiene Terrace residential subdivision near 38th and Linden.

The revised plat was rejected because a grassed waterway was proposed to solve a drainage problem in lieu of a $22,000 storm sewer recommended by the city engineer.

In other action, the commission approved the proposed 70-lot Happy Hollow subdivision between 54th and 56th, Vine and S. It was noted the developer agress to construct the needed $16,000 storm sewer.

Other commission action:

—approved Broadview First Addn. an 8-lot replat near 35th and Hillside.
—approved Stith's Replat, 8 lots near 70th and Holdrege.
—deferred Cedar's Heights replat at 63rd and Pioneers pending report on any storm drainage problems.
—approved vacation of R street from 60th to 63rd.

Rev. Rex Knowles Leaving

Presby House Pastor To Post In Kentucky

The Rev. Rex Knowles, pastor of the University of Nebraska Presbyterian - Congregational Student House since 1948, has announced his resignation to assume duties as dean of the chapel at Centre College, Danville, Ky., Feb. 1.

Rev. Knowles

During his tenure the program at Presbyterian-Congregational Student House has expanded into the United Campus Christian Fellowship with the addition of the Congregational, Evangelical and Reformed and Evangelical United Brethren student programs.

Centre College, a 150-year-old Presbyterian-related college, has created an official deanship for the Rev. Mr. Knowles which will include service as pastor of the school's chapel, religious counselor and professor of psychology and religion.

Enrollment at the college, located 30 miles south of Lexington, is 600.

Prominent Here

The Rev. Mr. Knowles has been prominent in both campus and community circles here.

In 1952 he was honored as "Outstanding Nebraskan," by the University newspaper, The Daily Nebraskan

In 1952 he also served as moderator of the Nebraska City Presbytery.

He is vice president of the Northeast Rotary Club, a member of the executive boards of the YMCA and Boy Scouts, and a member of the national executive committee of the Fellowship of Christian Athletes.

A graduate of Connecticut Wesleyan University and Yale Divinity School, the Rev. Mr. Knowles received his master of arts and doctorate of educational psychology degrees from the University of Nebraska and was awarded an honorary doctor of divinity degree by Hastings College.

College Athlete

He participated in collegiate athletics and formerly played professional basketball with New Haven, before its franchise was purchased by the Boston Celtics.

According to Dr. Wesley Meierhenry, chairman of the local committee of the board of directors, a successor to the Rev. Mr. Knowles is expected to be named in January on the interim basis.

Dr. Meierhenry said the Rev. Mr. Knowles' work on the University campus "increased in interest and enthusiasm," and a new chapel was constructed during his tenure.

Mrs. Knowles has been president of the YWCA advisory board and active with Y-Teen, Parent-Teachers Assn. and First Presbyterian Church.

The Knowles family, which resides at 1315 No. 35th, includes 5 children, who attend Northeast High, Culler Junior High and Hartley Elementary Schools.

New Police Sign

This new "Police Headquarters" sign (on pole) has been installed in front of the Police Dept. at 323 No. 10th. The new sign replaces a sign which had been in use since the Municipal Building was built in 1931. The new sign will be illuminated at night, and cost $321. **(Star Photo)**

Pension, Retirement Setup Eyed For City's Workers

City Finance Director James Mallon said Wednesday his department is studying approaches to a pension and retirement system for city workers, but the work so far has been just preliminary.

Last March, voters authorized establishment of a retirement system by City Council.

Only the city's 250 policemen and firemen have a pension plan while some 450 other city employes have no retirement setup except social security.

During the 1959-60 budget session, the council authorized $500 to employ a qualified underwriter in municipal retirement and pension plans to make the study.

The City Employes Association, urging a retirement and pension plan "at the earliest possible time," put up $500 toward such a study.

Omaha officials were recently informed it would cost about $1,047,000 annually to put their pension costs on an adequate basis.

However, one city source said Lincoln might be able to set up a system for as little as $50,000 a year, depending upon the plan.

Personnel Director Ray Ramsay says he definitely favors a retirement system for city employes.

Basically, a retirement plan would probably provide for employe contribution, reimbursement after retirement, a retirement age, and other related items.

Cost of the present police and fire pension plan is $200,000 annually, while social security for 1959-60 is $165,000.

Kids' Coins Help Pay Santa's Fine

Endicott, N.Y. (AP) — Santa Claus was fined $5 Wednesday for a parking violation, but he wasn't sent to jail, as children had feared.

Dominic Parrotti, 34, of Binghamton, was arrested Thursday for overparking while in costume.

Since then, Police Justice John D. O'Loughlin said Wednesday, the court has received "a stack of letters from children who think Santa Claus is going to jail and, therefore, there will be no Christmas day and no presents."

The letters contained nickels and pennies totaling $1.63, to help pay his fine.

"You scared the wits out of them," O'Loughlin told Parrotti.

Bullet Removed From Boy's Head

Omaha (AP) — A .22 calibre bullet was removed from between the eyes of 10-year-old Jerry Meyer of Wisner at an Omaha hospital.

The lad was reported in satisfactory condtion.

Jerry was wounded when hunting with his brothers, John, 12, and Jay, 4, and a friend, Roy Milligan.

The boy's companions said they had put a rifle on the ground and Jay tripped over it, causing it to discharge.

Trailer Can't Travel; Tires, Wheels Stolen

A theft of 4 tires and wheels from a trailer belonging to United Rent-Alls was reported to police.

C. C. Archer of 1333 So. 18th, manager of the United Rent-Alls stores at 710 No. 48th, said the items, valued at $94, were taken from the trailer as it was parked behind the store.

Police Book Man On Suspicion Of IndecentExposure

Police booked a 24-year-old man on an open charge Wednesday night after he was allegedly involved in 3 different cases of indecent exposure.

Police said a teenage girl reported a man attempted to get her into his car until she broke away and ran into a house.

Another report said he tried to pick up an 11-year-old girl near her home. The child's mother rushed from the home to assist her and the suspect fled. Police said the man also reportedly was seen talking to two other young girls, but both ran into a yard to escape him.

Exercise In Futility

By WILLIAM O. DOBLER

One could hardly help but be impressed during the course of a "hearing" at the City Hall this week on the proposed location of the Lincoln access route to the Interstate Highway. Several things made this impression but at the top of the list would have to be the frustration spawned through the futility of efforts to advance any cause.

The "hearing" was a mockery except insofar as it permitted individuals to ask questions, for the actual location of the road has long since been determined. And the greatest debacle of all lies in the desecration of the small but utilitarian east lake at Oak Creek Park. The story of what has happened to bring about this desecration is a long and involved one but within it can be found the essence of government at its selfish and tyrannical best. The east lake is really not essential for the preservation and welfare of Lincoln, nor can we do without an access to the Interstate.

Cut-And-Dried Decision

The Park and Recreation Advisory Board, of which this writer is a member, is fully aware of that and is as civic-minded a group of individuals as can be found in Lincoln. This board wants the access and if destruction of the lake offered the only means of obtaining it, then the board would willingly make this sacrifice.

But the board likes parks and it does not like to see them unnecessarily destroyed. It has seen this so many times in the past that the thought of new street construction is a nauseating thing in itself. For it has been streets which have chewed up several of the city parks and left them much the worse for the effort.

★

All the board wanted and all that was wanted by other groups and individuals who were interested in the parks was a chance to sit in on government decisions bearing on the location of the access around Oak Creek Park. But this was denied the board and everyone else merely through the silence of state and city officials in regard to the extension of any invitation.

Former State Engineer L. N. Ress promised this much co-operation as did his deputy Henry Schlitt, now deputy under State Engineer Cochran. Mr. Cochran — we are sad to say because we like him and respect him and believe he has what amounts to an almost impossible job — promised this much co-operation. Former Mayor Bennett Martin promised it and present Mayor Pat Boyles consistently indicated approval of such a procedure. The City Council was fully advised of the board's feelings with a formal board resolution some time ago.

Yet the only people who assisted in the making of the decision on the access were state and city engineers, City Council members and the City-County Planning Commission. And among all these people there has not been one with both enough love for parks and enough courage to stand up and fight for them. An engineer — take your pick — wouldn't give a hang for parks when you stack them up against streets, and this is said after some 10 years of dealing with them and the subject in general.

A straight line means a lot to them as does an endless slab of six-inch concrete, but a little water where kids can fish and people can boat is very dispensable. a place where people can go on a hot summer day and just sit in the shade of a tree, a place where they can enjoy the flickering embers of a log fire on a cool spring or fall night, a place where people can laugh and forget the whole world as they watch the birds and children at play —none of these things counts when an engineer starts dreaming of a vast network of asphalt to move an endless stream of steel, death and destruction on four wheels.

How do we know this is so? We have asked the question a million times and always gotten the same answer. The question was asked at the "hearing" this week and the same answer was given again. To miss the lake and the park would require the access to go six blocks one way and six blocks back out of its way! That is the one and only reason ever given for running the access through the center of the east lake.

★

And why is that such a catastrophe? Because when one driver goes those twelve blocks out of his way, it costs so much in gasoline consumption and time. Multiply this one case by the hundreds of thousands which will travel the access in a year and you have some astronomical figures on extra gasoline costs and lost time.

This is such a ridiculous reason that it almost defies argument. It is so childish that it is surprising that adult people can expound it. If one person in Lincoln lost 10 cents on the streets of the city, no one would think a thing about it. But if every man, woman and child in Lincoln lost 10 cents on the same day, it would amount to something like $13,000 and the story would be a fantastic one.

But to the individual it is still an insignificant loss of 10 cents and the loss per individual on traveling an extra 12 blocks on the access is just as insignificant and unimportant, particularly when there is a good reason for it. Was the "hearing" this week an opportunity to do anything about this? It was no such thing because construction of the Interstate interchange with the access is already under construction and this dictates a path for the access through the east lake. And it has been this way all the way along. Not a single fair and honest chance even to try to make a case for the parks.

No Chance To Voice Case

There was premeditated deceit in this denial of a hearing and a disgusting lack of local leadership and foresight. The park board will continue to operate and possibly some pittance will be doled out in kind for the loss sustained at Oak Creek Park. The dole should be accepted, not because it is best or represents a part of the only answer to a problem, but rather, because the Park Board has enough heart, courage, strength and humanity to look first to the public's interest and secondly to its own personal feelings .

It would be the first time in this issue that this has been done. This article may or may not express the opinion of the entire or even a majority of the Park Board and is only incidentally written by a member whose primary interest and concern are unbiased editorial analysis.

Masterful Lewis Quits

In 40 years as head of the United Mine Workers, John L. Lewis never once abandoned the cause of the working man as he saw it. Now, he is leaving that cause as an active worker in the dawning years of age. His departure from the scene will not be noted nearly so much today as it would have been 20 years ago. For 20 years ago, John L. Lewis was perhaps the most powerful man in all the country.

At the height of his career, Lewis held sway over the actions of some 600,000 men he numbered in his UMW and related unions. One word from the voluble Lewis and his mine workers acted as directed. No military man ever had greater control over his troops than Lewis had over his union members. But was it a dictatorship, as some said when he called strike after strike at crucial times in the nation's history?

It may have been but it was not if Lewis meant the words he spoke one time before a Senate Labor Committee when he said of his persuasive power over his members: "Every once in a while, they listen to me. I am very careful to say those things I know they want me to say. I am their agent. They pay my salary. They keep me in good clothes. They buy my cigars. I work for them. I expect to continue."

What John L. was talking about was loyalty to a cause and a conviction and his miners believed in him. And well they should have for he raised them from the depths of persecution and oppression to a place of dignity and well-being. In 25 years, he more than tripled the wages of the miners and gained for them greater safety measures and retirement benefits. He was largely responsible for the organization in the middle 1930's of the steel and automobile industry, although this led to a split in labor which has just recently been healed with the merger of the A.F of L. and C.I.O. Mr. Lewis may fade from the scene but not another labor leader is ever likely to equal his record.

On To November

The County Board of Commissioners has already tagged the 1960 November general election ballot as the time and place for submission to voters of a proposed bond issue estimated at $4 million for construction of a new combined city-county building. So far as timing is concerned and conflict with other government needs in the area, there can be no quarrel with the fall vote.

But despite arguments of the City-County Building Authority to the contrary, there are some other arguments to the program. It is possible that the authority will be able to sell its program as it now has it planned—without settlement of consolidation issues and location. But there is no question that the bond issue would find a much better reception if these two problems could be solved in advance.

It is said that the city and county cannot consolidate before a new building is erected because there is not room enough in either of the existing separate buildings to permit such a merger. However, this does not prohibit the governing bodies of the city and county from agreeing in advance to the consolidation plan that will be used if the new building is constructed and definitely binding themselves to such a merger if the bond issue is approved.

Without such an advance plan, it will be the conviction of many citizens that once the two governments are established separately within the new building, all consolidation would be out the window. Also, it is the feeling of many that the consolidation plan should be known in advance so the structure can be built accordingly. This would eliminate the possibility of later remodeling to accommodate consolidation coming after the building is completed, even if such remodeling would be comparatively inexpensive.

County Board members expressed the possibility that the site question could be voted on at the same time the bonds are voted. This would solve that problem as a vote on the matter of location is the only way in which this dispute over the new building can be settled. The new building is needed and would be a long-term tax savings but its realization is very shaky so long as consolidation and site are unsettled.

Problems Of Berlin And United Germany

PARIS — President Eisenhower now faces the toughest part of his trip. He now enters a part of Europe where he is old hat, where they have seen several presidents of the United States and where they welcomed him down the Champs Elysee no less than three months ago. He will also have to sit down opposite some of the toughest, shrewdest diplomatic bargainers in diplomacy.

In that bargaining he faces chiefly the question of the future of Berlin. But behind Berlin, and much more important because they influence the fate of Berlin are two key factors:

Factor No. 1 — He will find Western Europe split—just as he found the Mediterranean countries and Asia split over his talks with Khrushchev, and over relaxing the cold war. He will find Chancellor Adenauer of Germany and President de-Gaulle of France lined up on one side against relaxation with himself and Prime Minister MacMillan on the other in favor of relaxation.

☆ ☆ ☆

Factor No. 2 — Is the phenomenal economic progress of Germany and European worry over it.

With this German resurgence, the British, the Norwegians, the Danes, the Dutch — all NATO nations —are asking whether history is going to repeat all over again. As long as Adenauer is in power they aren't worried.

Outside NATO there is an even bigger question mark regarding a strong united Germany. The Poles are worried over German agitation for the return of disputed portions of East Prussia. A united Germany would be in a position to do more than agitate.

Polish and Czech fears are an important reason why Premier Khrushchev won't back down too far in regard to Berlin. They don't want a strong Germany, and politics being what it is, even Communist politics, Khrushchev has to show that he is a strong protector of satellite rights.

Finally, there's a lot of quiet sentiment among West Germans themselves to let well enough alone.

So with the death of John Foster Dulles, no great champion remains of a united Germany—except Chancellor Adenauer and his newfound friend Charles de Gaulle. Both are stubborn men. They will make a strange team in urging Eisenhower and MacMillan that there be no compromise over Berlin.

No matter how vigorously they may argue, however, the trump card is in Eisenhower's hand. In case of war, the defense of Europe would fall upon the United States. France, which has pulled most of its divisions out of Europe to police Algeria, is in no position to defend anything.

DORIS FLEESON

Rockefeller Bumps Into 'Containment'

MILWAUKEE—Vice-President Richard Nixon's strategy for handling the Nelson Rockefeller "new look" threat emerges clearly on this journey westward by the New York governor.

It is the strategy of containment.

The forums provided on the Rockefeller schedules — foreign policy councils, the Jaycees—are useful and respectable but they are wholly irrelevent to a politician's most serious party business, which is the business of getting the nomination for the office he wants.

☆ ☆ ☆

An exception was St. Louis last Sunday, but in Missouri the Republican party fences are in such disrepair they could not keep out a tame rabbit. An outpouring of eager handshakers at St. Louis suggested what might happen if ordinary citizens were encouraged and helped to get a good look at Rockefeller.

The vice-president's friends in the Minnesota organization did much better for him. The Jaycees, a business organization, yawned — with considerable justification — over Rockefeller's farm policy speech. At Madison, Wis., the state capital, a hotel reception staged by Republican members of the legislature and the Republican county committee, yielded only the select few.

By lunchtime it became apparent that Rockefeller had discerned the faint touch of the mortuary in the service his Republican hosts were co-operatively giving him. The Milwaukee County organization was picking up the tab for the victuals but it was all too evident that the guests again were hard core types exclusively.

☆ ☆ ☆

The governor repeated what he has often said, which is that he is a card-carrying Republican and can prove it. He repeated too that the country needed and wanted leadership, that it is any party's duty to discuss with the voters the unpleasant realities of today. Then he unlimbered old Betsy at the whites of their eyes.

New York Republicans, he pointed out vigorously, have elected a governor and two senators and have just increased their number of mayors and assorted officeholders. Their opposition, thrown off balance, he said, is divided and confused.

In such a political audience he did not need to add what has been happening to the party in the area he is visiting. Wisconsin, for example, has a Democratic governor and senator, both tradition-shattering victories, while Minnesota now has a Democratic governor and two Democratic senators.

The New Yorker's sharpness of tone, more really than his observations, indicated the line he could take if he would. Only the barest touch of the whip handle was permitted to show, but plainly he knows the nature of his own assets in the presidential struggle he has still to say publicly he will make.

JOSEPH G. MOLNER, M.D.

To Your Good Health

"Dear Dr. Molner: I've had migraine headaches for years, and not long ago had tests showing that I am allergic to eggs. I forgot to mention this when I had my polio shots. The first one didn't bother me, but with the second I was sick for four days, like having the flu with aching bones and a headache that lasted about a month.—S.S."

Dr. Molner

There is no egg in polio vaccine; the only thing likely to cause allergic reactions is a very small amount of penicillin. To be on the safe side, people who know they are allergic to penicillin should warn the doctor of this, since at least one manufacturer makes polio vaccine which does not contain penicillin.

To get back to your case, one of the easiest ways to make a mistake—either in medicine or any other activity—is to connect a cause and an affect which don't really belong to each other.

It is quite possible for vaccine to be given at a time when the patient, without knowing it, is coming down with the flu or some other malady.

Indeed, for that matter it is possible that the patient may even unknowingly have been exposed to polio. In such an instance headache and flu-like symptoms may occur after the vaccine has been given, although these symptoms are far less serious than a full-blown case of polio.

Thus I can say that there MIGHT be a connection between your polio shot and your headache and other aches, but the odds are very long that something else was the cause. After millions of injections, the Salk polio vaccine has proved to be the safest of all immunizations from the standpoint of unpleasant reactions.

One other thing ought to be considered in your case, anyway. You have had headaches for years; I'd have some further checkups to try to seek out the cause or causes.

☆ ☆ ☆

"Dear Dr. Molner: Will you tell, in your column, who invented or developed the artificial heart? Has it ever been used in an Cincinnati hospital?—J.K."

Doctors dreamed of an artificial heart for years, but it was only in this decade that the first successful one was used in an operation by Dr. F. Dewey Dodrill, in Detroit. He worked out what he wanted it to do, and some General Motors research engineers helped create the machine itself. Since then others have been constantly simplifying and improving "mechanical hearts." I can't give you chapter and verse, but I feel sure that a city as important medically as Cincinnati doubtless has one or more of these hearts in use in hospitals.

☆ ☆ ☆

"Dear Dr. Molner: What is meant by color blindness? Can people with this trouble see some colors correctly and others incorrectly? Do they see no colors at all? —E.L.B."

There are all degrees of color blindness. Sometimes a bright color (red) loses some of its brilliance at a distance. At the other extreme are people who can't tell green from red at all. In some cases a person may be able to recognize blue and similar colors as being blue, while the red-yellow colors seem to be green. In still others, the colors tend to merge into gray or brown tones so that they cannot distinguish colors except when they are bright, clear ones —and then with difficulty.

I wouldn't say that such people, even if severely color blind, "see no colors at all." They detect a great deal more than just black and white, but may not be able to tell green from blue or red from brown.

☆ ☆ ☆

Note to Mrs. N.K.: These unexplained cases of babies born lacking certain organs (such as the liver ducts and gall bladder in this case) occur from time to time. They do not mean that subsequent babies will have the same fault — or any fault. These things happen and we have to bear with them, and I beg that you not lose your faith in Providence merely because we mortals do not understand the whys and wherefores.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Copyright, 1959, Field Enterprises, Inc.

Your Four Cents Worth

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name, but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

Birth Control

Lincoln, Neb.

The Greeks of Athens practiced birth control freely and over a long period of time. Also they destroyed all their imperfect babies. Of course they were heathen and yet they produced a people who for 2,000 years have been regarded as the handsomest physically, the most intellectual in almost every field of thought and artistic to a degree that we have not surpassed to this day. At the height of its power, Athens was a city about the size of Lincoln, and yet no city in history has ever produced so many eminent men or added so much to the culture of mankind.

Probably Sweden is the best example in the modern world of a whole nation that practices birth control. It is an unavowed but perfectly understood matter on the part of the Swedish population, the medical profession, the church and the laws of the land. Families generally try to produce no more than the number of children they can care for well and educate properly. This is one of the largest factors in the general well-being of the Swedish people. The standard of living in Sweden is not as lavish as in the United States, but it would be quite wrong to say that it is lower than our own. In Sweden a happy balance seems to have been struck between natural resources, living space and population.

What is the best birth rate? The one that produces the largest number of people as in Italy, Spain, India and our Carribean islands? Or is it one where the population balances living space and the natural resources of the country?

The world problem of population is much greater than the issue of communism or any other issue on the world horizon today. I think we shall have to answer it on the findings of biologists, agriculturists and technicians rather than on the basis of mysticism or medieval philosophy.

W. T. DAVIS

☆ ☆ ☆

Safety Efforts

Howells, Neb.

The governor lately has been issuing helpful data much more often on the curbing of traffic fatalities. Frequently published figures of a modern sort and realistic evaluations of them are a combination that will wear down the opposition, namely injuries and death.

We have satisfaction in comparing the figure of 20 for November for 29 in 1958. Probably the special vigilance of the Safety Patrol had a lot to do with the sudden drop. But by December 9 we were back in the rut again, heading for 338 for this year's total. That would be better than last year (345) of course, but there is not too much to be proud of in being just a little ahead of the worst year.

Any effort, undertaken earnestly, to mitigate such a bloody phase of Americana is praiseworthy. I question the right of anyone to give only lip service to the effort, meanwhile posing for the cameras.

WALTER GABRIEL

☆ ☆ ☆

The Offering

Lincoln, Neb.

Republican Sen. Barry Goldwater stated last winter in Des Moines that his party had lost eight million voters to the Democrats in last November's elections. So now the GOP, farther in the minority than ever, not only must hold its own membership intact, but must recruit millions of Democratic voters in order to win the coming elections. The Democrats have only to hold their own members in line to bring about a repeat performance of the 1958 landslide.

The Democratic party can offer as candidates no military heroes with halos; no goodwill heroes who have faced mob violence in foreign lands. But it does have outstanding leaders of national stature from whom to select its presidential and vice-presidential nominees; men of proven integrity, ability and experience in administration and statesmanship; men of action who can make decisions and enforce them; men who will live up to their campaign pledges and the platform of their party; men who will explain their campaign expense funds; men whom the party can support and elect.

The Democrats have two outstanding candidates for either of whom, if nominated, this writer will work and vote in the firm belief that such nominee would make a good and perhaps a great president. But the party also has available other great candidates against whom, if nominated, certain issues cannot be raised.

And now is not the time for the Democratic party to gamble on a two-time loser or on a potential loser of countless Protestant votes.

CLIFF CALDWELL

Foster Parents

New York City, N. Y.

Foster Parents' Plan has just established headquarters in Hong Kong and it is our fervent hope to find foster parents for 500 children on that refugee-crowded island before the Christmas season is over. The first child to be helped in Hong Kong, 10-year-old Lin Suk-Fong, was financially "adopted" through Foster Parents' Plan by a group of inmates at the federal prison in Atlanta, Georgia. These inmates, as do thousands of other individuals and groups throughout the United States, will contribute $15 a month toward their foster child's support. The foster parents receive the photograph and case history of their foster child and monthly letters, translated by Plan.

"Adoption" through Foster Parents' Plan is financial, not legal. Since the founding of our organization in 1937, more than 76,000 children of 27 different nationalities have received moral and financial help from foster parents in America. There are many foster parents in Lincoln and we are hopeful that many more individuals and groups will now decide to "adopt" Chinese children living in Hong Kong.

Debate Coach At NU Foresees Winning Future

Prof. Don Olson, debate coach at the University of Nebraska is expecting fine accomplishments in the future years from his present freshman debate members.

This past week end, he entered two of his freshman debaters in the senior division of the Southwestern College Invitational Tournament at Winfield, Kan.

In competition with 40 colleges and universities, the freshmen, Susie Moffitt and Tom Cooper, both of Lincoln, won second place.

In the quarter finals they defeated Abilene Christian College and then in the semi-final round, Oklahoma State University. In the final round of competition the Nebraska team lost to William Jewell College.

Two other beginning teams composed of John Wehr of Lincoln, Gary Johnson of Holdrege, Ellen Nore of Genoa, and Bernice Dvorak of Brainard, each won one and lost four.

Miss Moffitt rated third in extemporaneous speaking in the women's division, and Wehr received an excellent rating in discussion.

University of Nebraska debaters at the first annual National Invitational Debate Tournament at the U.S. Air Force Academy scored a 3-3 record. Barbara Langhauser of Kearney and Rennie Ashleman of Kansas City, Mo., defeated the University of Houston, Oklahoma and Redlands College, Calif. They lost to St. Thomas, Minnesota, and Idaho State.

Rev. Scott Leaving Pastorate At Friend

Lincoln Star Special

Friend — The Rev. G. M. Scott, who has served the Friend Gospel Tabernacle church for the past 3 years, has accepted a call to the Philadelphia Church at Oakland, Calif.

He will take up his duties on the West Coast Jan. 1. The Scotts and their 3 children will leave Dec. 22 for their new home.

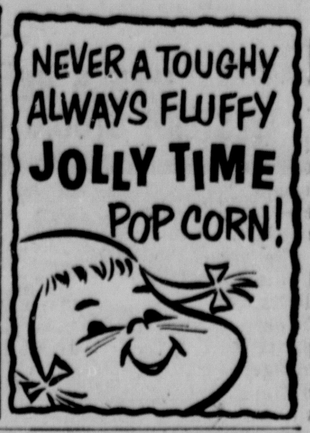

PRIVATE ROAD TRAVEL COUNTS AS MILEAGE FOR ALLOWANCE

Travel over private roads may be counted as mileage for parents receiving transportation allowance for pupils to rural school houses, the Nebraska attorney general said Wednesday.

The opinion was written by Asst. Atty. Gen. Gerald S. Vitamvas after questions on two specific situations by Fred J. Schroeder Jr. of Curtis, attorney for Frontier County.

Schroeder said in one situation the pupils and parents live more than three miles from a public highway, and in the other 1½ miles.

The opinion said the distance from the pupil's dwelling place to the school house should be counted for purposes of the transportation allowance paid by the school district, even if the child needs to travel over a private road.

Hot or Cold Server

Famous 2 qt. Chrome Penguin **5.95**

7.95 Value

Better than a butler! Serves solid ice cubes 4 to 6 hours. Serves hot dishes oven-hot for 1 to 2 hours. Good hostesses yearn for West Bend's Penguin, the sparkling chrome server that's heavily insulated and lined with stainless steel. Practical as it is pretty. Perfect family gift.

Give them room to entertain

Cal Dak TV Tables **29.95**

4 Kingsize Trays and stand

These are the full meal trays, 20 x 16", that make a man glad he came to a buffet party. Hostesses are happy, too. Designs are tastefully styled in fiberglas that resists heat, scratches, even alcohol stains. Light to handle, easy to use, perfect to store in a handy roll-a-rack. Give them? You'd better get a set, too, in your choice of foliage, butterfly, straw mat or glistening gold thread pattern.

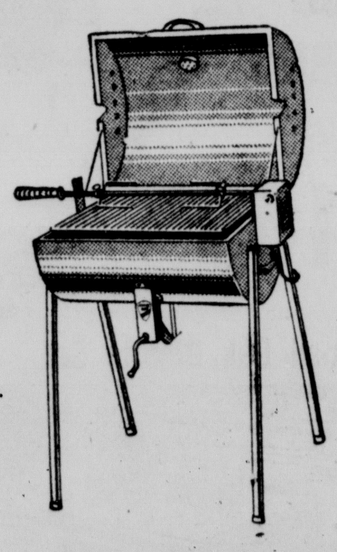

Give them a summer full of good time cooking

Western King Barbecue Brazier

controls heat—ends "hotspot" cooking **34.95**

Patio veterans say it's possible to charcoal burn anything. But the chef with Western King charcoal *broils* his best every time. Meats are pink and juicy with light smoky flavor . . . or as you like them. The hood confines heat, spreads it evenly over cooking area. Gives the chef a chance to broil foods perfectly. Hood shields flame. Fuel doesn't go up in smoke fog. Handsomely styled with copper tone hammered finish. Complete with chrome plated grill and automatic spit. A glorious, eye-popping gift that makes a family wish for summer.

Give them a pretty table for years
Lenox Ware Melamine Dinnerware

Demand For NU-Trained Teachers Takes Record Jump This Year

The demand for University of Nebraska-trained teachers took the biggest leap ever recorded by the Teachers College placement division during this past year.

The annual report of the division, released Wednesday, shows that there has been an 11 per cent increase in requests for all students at the college and a 20 per cent increase in demand for students who will teach in colleges.

Dr. Wesley Meierhenry, division coordinator, said for every 30 requests that are made for Teachers College graduates, only one could be filled during the 1958-59 school year.

Nebraska schools received 60 per cent of the school's graduating students and although this is a "slight decrease" over last year, 70 of the state's 93 counties did get a teacher from the University of Nebraska.

"We are happy, to say the least, that our students are spread around evenly throughout the state even though we can't begin to satisfy all Nebraska schools," Dr. Meierhenry said.

Over 18,000 Requests

While there were more than 16,000 requests made for the primary, secondary and college teachers last year, the figure has jumped to over 18,000 during the 1958-59 school year, he said.

In Nebraska alone, there were 2,346 requests. Only 393 were filled.

Dr. Meierhenry pointed out, that as in years past, California, Colorado and Iowa received the major portion of the remaining 40 per cent.

"The most serious problem will soon be faced by colleges and universities," Dr. Meierhenry said. "Our figures are beginning to show this more each year."

"Real Bind" In Future

"The real bind is just around the corner," he explained. "There is going to be a critical demand for college teachers in the early part of the 1960s because of the 'war baby' birth rate from 1945 to 1950."

The teacher placement coordinator also pointed out there has been no increase in enrollment of students in the Teachers College this year.

"In certain areas of the United States, starting salaries of teachers are going up sharply and is reflecting the overwhelming demand," he said.

Deer Me!

Burlintgon, Iowa (AP) — The tab on the venison dinner Wayne Haley gave residents of the Des Moines County Home came to $600. That was the price for having his car repaired after he struck a 125-pound deer on the highway near Burlington.

Seaman-Teacher

Van Wert, Ohio (AP) — John Endsley, like many a traveler before him, is seeing the world by shipping out as a seaman. But Endsley confines his sea-going to the summertime. The rest of the year he's an English and Spanish language teacher at nearby Convoy-Union High School.

AF Claims World Speed Record

Washington (AP) — The Air Force claimed a new world speed record Wednesday—1,520.9 miles per hour.

The pilot who flew the F106 jet fighter 2¼ times the speed of sound talked afterwards as though he was less perturbed during the 35 minutes of flight Tuesday than during the succeeding 12 hours of checking to make sure he had a new mark.

Maj. Joseph W. Rogers of Worthington, Ohio, on his first try for a speed record, made it in a Delta Dart aircraft, instrumented and loaded for its job as an all-weather fighter. He took it up from Edwards Air Force Base in California.

At 40,000 feet, Rogers touched off the after-burner, flew level through the 18 kilometer course (a little over 11 miles), turned and flew back.

To Busy

"I didn't know my speed. I was too busy watching my altitude," Rogers told newsmen Wednesday. The reason:

"If his plane went up or down more than 50 meters—a bit over 150 feet—at any time during the 25-mile-a-minute measured run, any record claim would be tossed out.

"We made it. We've got enough," a jubliant voice from the ground chattered into Rogers' earphones as he prepared to land.

Enough meant enough speed to better the Soviet claim in October of a world record for an E66 fighter that flew 1,483 miles an hour. The fastest previous U.S. flight was 1,404 miles an hour, on May 16, 1958.

Decorated

Then Rogers flew to his post in Colorado Springs, Colo., picked up his wife and came to Washington. Here Gen. Thomas D. White, Air Force chief of staff, pinned Distinguished Flying Crosses on Rogers and 4 other pilots who participated in record-setting flights during the past week.

Decorated along with Rogers were:

Capt. Joe B. Jordan, Huntsville, Tex., who set a new altitude record of 103,395 feet Monday.

Brig. Gen. Joseph H. Moore, Spartanburg, S.C., for setting a 100-kilometer closed-course speed record of 1,216.48 miles per hour.

Capt. Walter J. Hodgson, Kalispell, Mont., for an altitude record for helicopters of 30,100 feet.

Maj. William J. Davis, Houston, Tex., Hodgson's co-pilot.

WIREPHOTO

Maj. Joseph W. Rogers . . . on his first try

Lincoln Population 137,500, City Has 40,000 Dwellings

Lincoln has a population of 137,500 and nearly 40,000 dwelling units, the City-County Planning Commission was informed in a preliminary report Wednesday.

Eldridge Lovelace of Bartholomew & Associates said these preliminary statistics were based on some of the nearly-completed phases in revising the city's comprehensive plan and updating other data since 1950.

Lincoln's population was 100,000 in 1950. Other population estimates are 153,000 for Lincoln urban area and 164,000 for the county. (These estimates include an institutional population of 2,750.)

The new survey reports 39,937 dwelling units within the city, another 3,461 on the fringe area, 1,191 in smaller towns, and 2,310 in the rural area, or a county total of 46,935.

900 Without Permits

Lovelace said the 1950 survey may have undercounted 1,300 dwelling units, but he also estimated perhaps 900 units have been constructed or converted without building permits.

During 1950-59 (by building permit), there were 11,804 new dwelling units constructed and 700 old ones demolished.

Locelace reported that land-use maps for both the city and county are completed and a formal report will be made in January.

Changes Since '50

Among the changes since 1950 noted by the planning consultant were the commercial growth along North 48th, Cornhusker Highway, and East O; the residential expansion eastward, and northeast Lincoln growth to the edge of University of Nebraska landholdings there.

Lovelace said the planning work for the city and the county is progressing on schedule.

Dooley Collected Some $400,000

New York (UPI) — Thomas A. Dooley, cancer-stricken jungle doctor of Laos, said he raised more than $400,000 in the United States to build hospitals in remote parts of the world.

Dooley, leaving for London on the first leg of a return trip to his hospital in Muong Sing, Laos, said he felt good despite his cancer operation 3½ months ago and a subsequent 71-stop lecture and fund-raising tour.

NATO Dispute Threat To West Germany And France Balance

By J. M. Roberts
(AP) News Analyst

One of the great trends in modern European affairs, toward military, economic and eventual political unity, could be affected by the current conflict within the North Atlantic Treaty Organization.

Part of the fight is over Charles de Gaulle's desire to retain direct command of French military forces within an organization operating more like an old fashioned alliance instead of leaving them under international command.

Part of the fight—in which some of the best-intentioned smaller nations are involved because of domestic political situations—is over the American demand that the other partners carry more of the expense burden in ratio to their increased prosperity.

Asked To Reciprocate

This is in line with demands that Europe, having been helped during its difficulty with trade payments, shall reciprocate now that the United States is having such trouble, and that they shall assume more of the burden of economic aid to the underdeveloped countries.

The discussion of cost-sharing has revealed that people in Europe have fallen to some extent under the spell of Nikita Khrushchev's peace offensive, and are inclined to look askance at ministers who ask for more money for defense preparations.

Transcending this, however, is the possibility that de Gaulle's insistence on having the French Army a national army will affect relations between France and West Germany.

Could Not Fight Again

First the European coal and steel community was hailed as a pooling arrangement which would neutralize the chief war-making potential of the continent. France and Germany, as long as they submitted to the community, could never fight again.

Then, through a mutual defense arrangement with her European neighbors, West Germany became a partner in NATO. Under this arrangement, by which she submits her forces to international controls upon which France insisted, she has been rebuilding her military strength.

Now France has withdrawn a great part of her own force from NATO command, and is insisting on still greater autonomy.

Bonn Saying Little

So far, Germany is less vocal about this situation than are the United States and some of the others. The Bonn regime has just agreed to increase its military effort to meet the desires of the United States and others for an even stronger force to stand behind Western diplomats in what are expected to be long drawn out negotiations with Soviet Russia.

But the balance between France and West Germany, already undergoing some strain because of the German revival as an economic competitor, would be seriously affected by loss of the neutralizing factors inherent in international command of both their armies.

Landis Files For GOP National Convention

Frank E. Landis of Lincoln filed with the Secretary of State's office Wednesday as a delegate to the 1960 Republican National Convention from the First Congressional District.

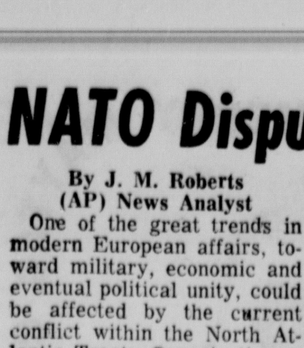

President of the State Board of Education and state commander of the American Legion, Landis was elected a First District delegate to the GOP national convention in 1956, and was an alternate delegate at large to the 1952 convention.

Resent De Gaulle Jab

Belgrade (AP) — The Yugoslav weekly humorous paper Jez (the Urchin) was banned this week. It had carried an uncomplimentary cartoon of French President Charles de Gaulle. Yugoslavs lately have been seeking better relations with France.

City To Enter Northern Gas Rate Hearing

The City of Lincoln will intervene in the Northern Natural Gas Company's rate increase case scheduled for hearing Jan. 19 before the Federal Power Commission at Washington.

City Atty. Ralph Nelson was authorized to represent the city at the hearing in recent council action

Lincoln's gas rate increases became effective Dec. 27 because of Northern's increased wholesale rates to Central Electric and Gas Co., which serves Lincoln and other southeastern Nebraska communities.

Central officials have been keeping city officials advised of new developments in the rate increase case which they are also opposing.

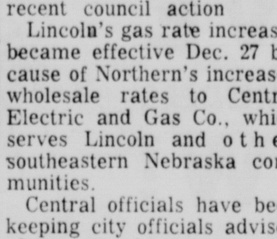

Northern now has 3 rate increase cases pending before the FPC. The latest one represents a 7.7% increase in Lincoln rates effective Dec. 27. They become effective under refunding provisions conditioned on FPC action.

OUR CHRISTMAS STORY

Continued from Page 1

earth and then He filled it with wonders. He put deep oceans and high mountains on it. In the oceans He put octopuses and giant fish and creatures so tiny only He could see them.

On the mountains He put goats, and He made them wonderful climbers. In the valleys He put all sorts of animals—caterpillars and parrots and rhinoceroses. And, of course, He made oysters. He made billions and trillions of creatures and not one was exactly like another.

God loved the things He had made. He loved His raindrops and His octopuses and His daylight. But He had no children to share them with Him. In all the earth, there was no one like Himself, no one to say, "How Beautiful it is!" And no one to enjoy it with Him.

In the whole earth, no one to have a conversation with! God talked to His creation, of course. He talked to His flowers with His warm sunshine and His cool rain. In every little fish egg He put a message, telling that egg how to grow into a fish instead of a rhinoceros. And all of His cretures obeyed Him, but not one of them answered Him.

So He Made Man

To have a companion on earth, God needed someone like Himself. So He made one more creature. He made our kind of creature and He made it in His own image. That is, He copied us after Himself.

He made two of us, a man and a woman. The man's name was Adam and the woman's name was Eve.

As soon as He had made them, God loved them more than all the other creatures He had made. He wanted to shower them with gifts. He gave them all His cows and His fish and His bees—yes, and His oysters, too. Every animal on the whole earth and in all the oceans He gave to Adam and Eve. He gave them all His trees and plants. From the tallest date palm to the flattest mushroom, they were all for Adam and Eve.

Then He found the most beautiful spot on earth for them to live in. It was named Eden and it was so beautiful it was called a garden. In the Garden of Eden God put everything that Adam and Eve needed to make them happy. There were rivers of clear water to drink, fruit to eat, vines to swing on, flowers to smell.

No Enemies

They didn't need spears, or any kind of weapon, because they had no enemies. There were no wild animals in those days, either. Lions and bears and hyenas came when Adam called them and lay down on the ground to be played with, because they knew they belonged to him.

Adam and Eve didn't need a house to live in or warm clothes to wear because it was never cold in Eden, and God kept the wind and the rain off them.

They didn't need a stove or an icebox or even pans to cook with, since all the food they wanted grew on the trees for them. And they certainly didn't need money, since God had already given them everything.

God watched the two people He had made, and He loved them. He was delighted when Eve picked the flowers and gave them pretty names and put them in her hair. She loves My flowers! God thought.

He liked to see Adam stroke the lions and the buffaloes and call them wonderful and handsome and marvelous. Best of all, He liked to hear Adam and Eve say, "All these things were made by God."

Loved Their Work

For work, God gave them the care of His beautiful garden. Adam and Eve loved their work. All morning they pruned the trees and dug the earth until it was soft around the flowers. Then, when their work was finished, they would run with the antelope, swim with the otter, sing with the oriole. Best of all, they would wait for the moment of God's visit.

For God loved Adam and Eve so much that every evening, at at the close of the long, happy day, He came into the garden and talked with them. And then—new joy on earth!—the man and the woman answered Him. It was the moment God had waited for since time began.

At last, He thought, I have MY children with whom I can share the joy and the glory of My creation.

'HUSKER MAY DRIVE IN KANSAS WITHOUT CHAUFFEUR'S LICENSE

Nebraska residents may drive commercial vehicles in Kansas without Kansas chauffeur's licenses—unless the vehicle is registered in Kansas, officials said Wednesday.

Alvin Scissors, director of the Nebraska Motor Vehicles Department, said he has received clarification of the law from Kansas officials after reports of several Nebraska drivers being given tickets in Kansas.

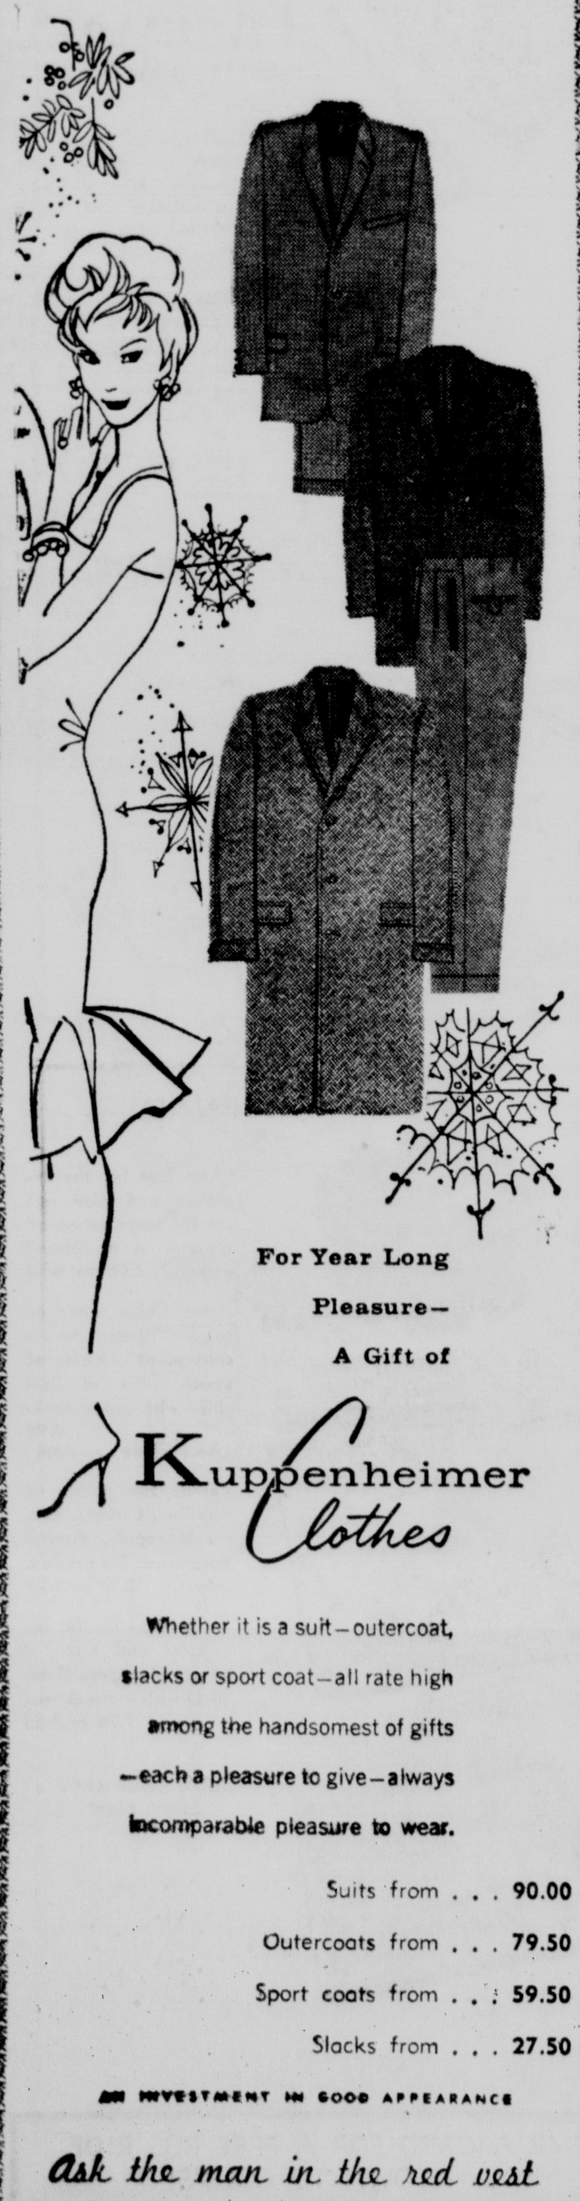

In Nebraska there is no such thing as a chauffeur's license, and Nebraskans in Nebraska-registered vehicles had been arrested in Kansas for not having a chauffeur's license as required by Kansas law, Sicissors said.

Scissors questioned Kansas officials, who said the chauffeur's license would not be required unless the Nebraska resident is driving a Kansas-registered commercial vehicle.

Boyle, Morrison Battle Heats; Frank Says Bernie 'Hand-Picked' Conrad

By Don Walton

Open warfare erupted Wednesday between Democratic National Committeeman Bernard Boyle of Omaha and gubernatorial candidate Frank Morrison of Lincoln over an impending primary battle between Morrison and Administrative Assistant Robert Conrad.

Morrison charged that Boyle has "hand-picked" Conrad as his choice for governor, and that the May primary will determine whether "the control of state government shall be turned over to the Boyle political machine."

The national committeeman countered with a statement that "Mr. Conrad has done more to regenerate the Democratic Party in 4 years than Mr. Morrison has done during his entire life."

Not Announced

Conrad has not yet announced his political plans, although he is expected to file for the Democratic gubernatorial nomination.

The bitter words exchanged between Boyle and Morrison followed criticism aimed at party chieftains by Morrison supporters.

Morrison said Wednesday he "has known for some time that Boyle was promoting, staging and rigging" various party conventions and workshops to feature Conrad and exclude Morrison.

'I Was Warned'

He said before he filed for the nomination, he "was warned that Conrad was Boyle's handpicked candidate for the job."

Further, he said, publicist Gerald Schwartz of Omaha was used by Boyle as a "hatchet man" to attack Morrison in the press.

Boyle retorted: "Ordinarily, one ceases to complain about not being invited to parties at the conclusion of their second year in grade school."

Morrison, he said, "is beginning to complain of his defeat before any opponent has entered the race.

'Not Surprised'

"I regret, but am not surprised, at Mr. Morrison's attack. This side of his character has been displayed every time he lost an election which has been every time he ran."

Morrison said his filing was designed to test two principles:

—"Does a Nebraska citizen who has no motive in politics but to serve his state have the right to file for governor on the Democratic ticket?"

—"After filing, can such a citizen be elected over the opposition of the powerful Boyle political machine?"

Boyle replied:

"I have, as national committeeman, expressed no preference for a Democratic nominee for governor.

". . . I hope that such men as James C. Quigley of Valentine, William Lamme of Fremont, Fred Deutsch of Norfolk, Leon Samuelson of Franklin and Robert Conrad would offer their names as candidates."

Concluded Boyle: "I am sure that Frank hangs up his sock at Christmas. I hope that Santa Claus will put therein a book on party loyalty and a set of building blocks from which he will learn that you can never build either yourself or a party by tearing down."

BRAVERY, CAN OF BEANS PANICS STICK-UP YOUTH

A Lincoln woman foiled a would-be robber with this warning: "Look here, young man, don't try anything funny with me or I'll hit you in the head with a can of beans!"

Police said Wednesday that Mrs. Anna Schweizer of 1515 L told them she was approached by a youth about 18 or 19 who told her "this is a stickup."

She said she reached in the grocery sack she was carrying and told him she'd hit him with the can of beans and the boy walked away. The incident occurred at 16th and L as she was walking home from a grocery store.

She told police she did not see if the boy, whom she said was about 5-2 and weighed about 140, was armed.

State Offers Aid For Wilson Talks

Governor Brooks has sent telegrams to both union and management officials in the Wilson & Company labor dispute offering the services of Nebraska Labor Commissioner Donald D. Bastemeyer in any mediation capacity.

Brooks said in the message it was his "sincere hope that early resumption of negotiations will be undertaken in the true spirit of collective bargaining and that these sessions will be constructive and conclusive."

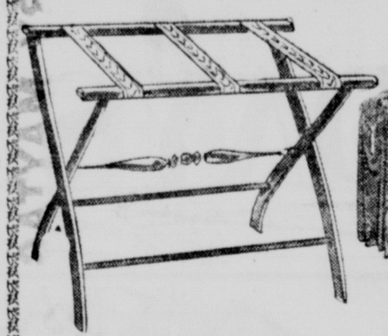

The telegram went to Wilson President James D. Cooney of Chicago and United Packing House Workers of America President Ralph Helstein of Chicago.

DELAPLANE'S

POSTCARD

The most useful thing against Strontium 90 is the flat Mexican tortilla. (It isn't raining violets, you know. That stuff is falling right out of those atom bombs.)

The Mexican tortilla is a kind of corn pancake. It is made by colorful Mexican ladies who pat it into a pancake with their colorful hands. They cook it on a tin sheet on top of a charcoal stove.

It is used to wrap around beans or meat whence it becomes an enchilada.

Toast it and it becomes a taco.

It is filled with calcium. The calcium and Strontium 90 both head for your bones. If calcium wins, happy days. If Strontium 90 comes under the wire, curtains.

Well, all of us are full of these things. And Dr. Carlos Graef Fernandez at the University of Mexico measured up some of his compatriots the other day.

He let out a startled whistle and declared: "Santa Maria!"

For it seems that his Mexican subjects had absorbed very little of the Big S-90.

He blamed it all on tortillas.

The tortillas had SO much calcium, said the Dr., that they were able to box off the S-90 in the stretch. Consequently it was almost a rigged race. And the Mexicans will live happily ever after. While you and I will pass to radioactive rewards.

Well, you maybe. Not I. I am loaded with tortillas. I have eaten these Aztec flapjacks from the Sonora border to the isthmus jungles. Mainly because that is all there is to eat in Mexico.

It was not too tasty. But I must have laid up plenty of anti-strontium.

That is a comfort in these days when you suddenly find you have been brushing your teeth wrong for years and years.

☆ ☆ ☆

Science is always finding something new. Usually bad. I have been informed that circular brushing of the teeth is just like putting them on a grindstone.

"You must PUSH the brush down. Brush the teeth. It is a brush, you know."

"I was taught to go around in circles, Dentist."

"We have learned a lot since those days," said the dentist with a superior smile —(the reason he has a superior smile is because he can afford those teeth; I can't).

Babies should be trained NOT to sleep on their stomachs. That is a new finding by pediatricians (who probably still sleep on THEIR stomachs).

They do not tell you how to train a child to sleep different ways. They just tell you. My children slept on their stomachs and, for all I know, still do.

I am happy enough if they just sleep. That getting up in the middle of the night was murder.

Both my children LOVE tortillas. We have that one licked anyway.

☆ ☆ ☆

If you cannot get a tortilla, may I recommend pozole? Same kind of corn soaked in lime water. Only they don't grind it.

They put it in a big dish with a lacing of hog jowl soup. It not only wards off the Big S-90. It is a sure cure for hangovers. You cannot beat a shotgun manna like that.

I used to go to a pozole place in Mexico City that was so full I wondered how there could be so many hangovers. It was only open week ends — I suppose that being the time of most demand.

It was a nourishing and tasty dish — they put a few sardines and avocado slices on top. They served a fiery mescal with it.

2.98

Imagine! Such a low price now! Warm cotton knit styled with snug fitting wrists, ankles. Machine wash. Sizes 34 to 40.

PENNEY'S STREET FLOOR

'Execution Order' On Rats Ready

An execution order on rats was passed by the Salt-Valley Grange members who have named January 19 as "Rat Day" with the largest poison program ever planned in Lancaster County.

This program will be the largest ever planned in Lancaster county covering 50 sections and over 200 farm homesteads in an area south of Lincoln.

Salt-Valley Grange will purchase the required poison and assist in distributing the material on a cost basis to farms in the area.

Dangerous to Health

The rat program which has been recognized as costly and dangerous to health can best be handled by a complete concentrated rat control program such as the Salt-Valley Grange has planned, according to Emery W. Nelson, county extension agent who will assist with the program.

Members of the Salt-Valley Grange committee handling arrangements are: Milton Wunderlich of Lincoln; Les Hoy of Roca; Harvey Beck of Martell; William Faig of Martell; Charlton Mitchell of Roca; Wallace Wunderlich of Roca; Glenn Peterson of Lincoln; Lester Brandt of Martell; Albert Sandford, Elmer Runge, Dale Helmkamp, and Kenneth Allen, all of Lincoln.

CARMICHAEL

Decoy Makers File Corporation Papers

Articles of incorporation were filed with the Nebraska secretary of state's office Wednesday by the K & W Decoy Co. of Tekamah.

Incorporators of the firm, which is to make wildlife decoys, are Ralph Kohler and Dorothy Kohler, both of Tekamah, and Monte West of Fremont. The firm is authorized to issue $100,000 capital stock.

Other filings, with amounts of capital stock authorized:

Waverly Feed Co., Waverly: Lloyd J. Bevans, Richard M. Bevans and Shirley M. Bevans, all of Waverly; $75,000.

B & B Grain Corp., Waverly: Lloyd J. Bevans, Richard M. Bevans and Shirley M. Bevans, all of Waverly; $75,000.

Smoky Hill Feeders, Inc., Grain, Osborne, Raymond E. Hert of Sedgwick, Kan.; Joseph L. Wetta of Wichita, Kan., and James B. Merryfield of Abilene, Kan.; $100,000.

The Owen Foundation, Omaha; charitable; Fred H. Owen, Edward F. Owen, Harry E. Judd and Robert K. Anderson, all of Omaha; non-profit.

Nixon Sees Budding GOP Boom In Iowa Election

Washington (AP) — Vice President Nixon said Wednesday the recapture of a House seat by a Republican in Iowa's fourth district is proof of a GOP upturn.

He said it should give a shot in the arm to Republican candidates in all marginal districts next year.

Nixon, after presiding over a 2½-hour meeting of the National Security Council at the White House, made this comment to a reporter on the election of Republican John Kyl in a special House election.

"I think that here's dramatic evidence in actual votes of what many of us who have been traveling over the country have sensed in the last 3 months — a Republican upturn.

Mid-Year Upturn

"I have felt there have been substantial gains in Republican strength beginning in the latter part of the summer and early fall. This election demonstrates that that is the case.

"If we can continue this rate of progress, this means that the hopes that have been expressed for a Republican House of Representatives in 1960 are based on a solid foundation.

"In 1958, while the issues had something to do with it, we were weak on organization. There was superb organization work in this Iowa election."

★ ★ ★

Kyl Wants Meet Of Farm Leaders

Bloomfield, Iowa (AP) — John Kyl, Iowa's newly elected Republican congressman and an opponent of the Benson farm program, Wednesday proposed a meeting of agricultural leaders to help solve the farmer's problems.

The 40-year-old merchant-farmer, who was defeated for this same 4th District House seat by a Democrat last year, won over Grinnell College Prof. C. Edwin Gilmour in Tuesday's special election.

Unofficial returns in the 14-county, predominantly rural district gave Kyl 28,336 votes and his Democratic opponent 25,804.

Kyl said he wants to talk to leaders of every Iowa farm group in order to "get all the ideas we can toward solution of the farmer's problems."

Lincoln Post Office Receipts Up 22.6% During Fiscal Year

Lincoln Post Office receipts totaled $354,677 for the period Nov. 14 to Dec. 11, representing a 13.2% increase over the comparable period a year ago.

This brought fiscal year receipts from June 27 to date to $1,986,686 or a 22.6% increase compared with last year.

Postmaster O. E. Jerner also reported money orders amounting to $194,721 were issued during the Nov. 14-Dec. 11 period compared with $205,369 a year ago.

Postal Savings on deposit totaled $1,120,683 as of Dec. 11—down from $1,483,154 a year ago.

Station Looting Nets Lincolnite 2-5 Year Term

Rodney A. Hulett of 630 So. 10th was sentenced to a two to 5 year term in the Men's Reformatory on a burglary charge in Lancaster District Court.

Hulett, 22, had pleaded guilty before Judge John Polk to violating the two-year probation on which he had been placed on the burglary charge Aug. 5. Hulett and two other boys admitted breaking into a Lincoln service station Nov. 28 and taking over $100.

Hulett's probation was revoked as a result of the November offense and he was sentenced on the original charge, filed as the result of a service station burglary at Firth July 23.

Pope May Appoint More Cardinals

. . . 7 New Princes Of Church Receive Red Hats

Vatican City (UPI)—Pope John XXIII Wednesday night bestowed red hats of office on 7 new princes of the Roman Catholic Church and indicated he would make the College of Cardinals even larger. An eighth new cardinal received his hat in Paris.

Two of the 8 were Americans: Albert Gregory Meyer, archbishop of Chicago, and Aloisius Muench of Milwaukee, former archbishop of Fargo, N. D., and apostolic nuncio to Germany.

It brought to 6 the number of U. S. cardinals and raised the total membership of the church's "Senate" to 79, highest in its history.

At his general audience for 5,000 persons in St. Peter's earlier, Pope John indicated he might increase the college to as many as 100.

"The (number of) cardinals ought to be up," he said, referring to prior tradition limiting it at 70. "As the church goes on it widens ever more. So the number of cardinals has risen nearly to 80, and so we will go on."

Card. Meyer Card. Muench

The eight new cardinals included one Briton, one German, one Spaniard and 3 Italians.

The United States, with 6, now has more cardinals than any other country except Italy and France. Italy has 31, France 7. Spain is fourth with 5.

PIPE COLLARS CURIOUS CAT

It was a case of the old feline inquisitiveness which almost led to the death of a local cat, name and owner unknown, Wednesday.

The cat, apparently with an eye on getting up in the world, poked its head in the bottom of a drainpipe—considered climbing up and found the pipe too tight—according to Lancaster Humane Society director Harold Deacon.

Deacon was called to rescue the cat. He pulled the drainpipe apart and lugged the cat—its head still encased in the pipe—to the Humane Society building where tin snips were used on the tight-fitting collar.

"It was one of the happiest cats in town," Deacon said, "when we returned it to the block where it was found."

N.H. Governor Gets On Nixon Bandwagon

Concord, N.H. (AP) — Gov. Wesley Powell climbed aboard the Nixon bandwagon Wednesday and pledged to drive it to a sweeping victory next March 8 in New Hampshire's first-in-the-nation presidential primary.

The Republican governor told a news conference he accepted an invitation to "actively direct" Vice President Nixon's New Hampshire primary campaign, a major test of a candidate's ability to gain the GOP presidential nomintion.

Powell's announcement cheered Nixon supporters, girding for an expected showdown with New York Governor Nelson A. Rockefeller.

In Green Bay, Wis., Gov. Rockefeller made only a brief comment.

"You could make a case either way as to whether that will help or hurt me," Rockefeller told newsmen. "I'd rather leave that to some of you old hands at political analysis."

Premiers To Meet

London (AP) — Prime Minister Harold Macmillan has announced next May 3 as the date of a meeting of British commonwealth prime ministers.

Gerald Decker Murder Count Plea Readied

Attorney Jack Devoe said Wednesday he will be ready to handle the scheduled arraignment of 15-year-old Gerald Allen Decker charged with second degree murder in connection with the fatal stabbing of Mrs. Zajicek.

Decker will be arraigned at 10:30 a.m. Friday before County Court Judge Herbert Ronin.

Devoe said he has investigated the background of Decker and talked with the youth Wednesday evening.

The Lincoln attorney was appointed to represent the youth by District Court Judge Paul W. White.

Farm Meet Favors Program Akin To Benson's

Chicago (UPI) — The nation's biggest farm group Wednesday rejected a grass roots proposal to wipe out the crop surplus and endorsed a program that sticks close to current policies.

Delegates to the 41st annual convention of the American Farm Bureau Federation accepted resolutions on support and adjustment programs, parity, conservation, tobacco, wheat, sugar and other areas of agricultural economics.

There was hard study on a proposal from Illinois delegates to erase the $8 billion stockpile of wheat, cotton and corn over a 3-year period by giving individual farmers credit, to be taken directly out of surplus, for crops not grown. But the proposal lost out after opposition speeches from New Hampshire, Nebraska, New Mexico, Louisiana and Indiana delegates.

Among the resolutions that slid through was one calling for elimination of acreage allotments and marketing quotas for wheat and recommending a new program providing for:

"Price support for wheat based on the support level for corn with adjustments for differences in weight, nutritive value, and buyer preference, but which will restore the pricing of wheat to supply-demand conditions. . . ."

The delegates, sweltering in a great smoke-filled, unventilated hotel ballroom, accepted resolutions that said:

—"We reaffirm our long standing and continuous support of the parity principle."

—"We favor a properly designed and administered conservation program which retires land that otherwise would be devoted to crops."

—"We must expand markets both at home and abroad, halt the inflow of commodities into government storage, and dispose of existing surpluses in a manner which will avoid interference with the market for current production."

Shah Of Iran And Farah Diba To Wed Monday

Tehran, Iran (UPI) — A formal court communique has proclaimed next Monday as the wedding date for Shah Mohammed Reza Pahlevi and Farah Diba, a Persian beauty 19 years his junior.

Farah Diba

The long awaited announcement set in motion a series of ancient and colorful rites, including the preparing of animals for sacrifice.

Tehran officials hardly had time to dismantle the flags and other decorations from President Eisenhower's visit before they began putting up new ones in honor of the event.

Prayers were being said throughout Iran that the marriage, the Shah's third, would be blessed with a son and heir.

It was for lack of a son that the shah, now 40, divorced his first wife, Egyptian Princess Fawzia and parted two years ago from the Princess Soraya, now herself reported to be planning marriage to Roman Prince Raimondo Orsini.

New Signals Installed

New volume density traffic actuator signals installed at Capitol Parkway and J are now in operation and traffic police officials report that similar signals at Capitol Parkway and Randolph are scheduled to be put in operation soon.

Bid Openings Still Planned On Road Jobs

Bid opening on highway projects will go as planned Thursday despite any request by a Nebraska contractors' group, Henry Schlitt, deputy state engineer, said Wednesday.

The highway-heavy chapter of the Associated General Contractors had requested the Governor's office to permit contractors to bid on two Douglas-Sarpy County projects with the stipulation that work would not begin until settlement of a pending law suit on wage-setting methods.

Schlitt said the bidding documents "will stand up by themselves" and it is up to the contractors whether or not they wish to submit bids.

One of the jobs is on Nebraska 370 west of Papillion, and the other is a "Y" at the west end of Dodge Street near Waterloo.

The bidding documents require wage levels higher than those in the rest of Nebraska which, according to Gov. Ralph Brooks, is in accordance with U.S. Department of Labor policy.

Cat Under Suspicion In Gem's Disappearance

Merrillville, Ind. (UPI) — Mr. and Mrs. L. G. Frazee have more than ordinary interest in their cat these last few days.

About 10 days ago, Frazee took off his $250 diamond ring and laid it on a small table.

The ring disappeared. Mrs. Frazee looked in her jewelry box and failed to find it. A check by the sheriff's office indicated the house had not been burglarized.

Frazee then remembered that the table where he laid the ring holds small favors and food tidbits for a pet cat. He concluded that the cat might have swallowed it.

The animal is under close surveillance.

Today's Calendar

Rural Power Hearing Set To Continue

A hearing on a Stanton County rural public power district request to drop "rural" out of its name and business limitations will be resumed Jan. 11

The hearing, before Water Resources Director Dan S. Jones Jr., came to a halt in the first day. The new date was set to hear the testimony of R. L. Schacht of Columbus, general manager of Consumers Public Power District, who could not previously attend.

The CPPD opposed the application on the grounds that it would allow the Stanton district to compete for non-rural customers.

H. G. Hamilton, assistant attorney general assigned to the water resources department, said some other rural districts have received permission to drop the "rural" limitations.

In past cases, the CPPD agrees to not oppose the application if the rurals agree not to conflict with CPPD operations, Hamilton said.

Fred J. Ball, manager of the Stanton district, said early in the hearing that Stanton had not guaranteed it would not compete with CPPD.

Board Hears 6 Lincoln Business Firms Explain Their Tax Returns

By Del Harding

The County Board of Equalization Wednesday heard 6 local business firms explain how they had arrived at inventory values listed on their 1959 personal property tax returns, but the board took no action against any of the firms.

The 6 firms had been unable to agree on inventory values with County Assessor Arthur Davis and had been summoned before the board to explain their positions.

The board, composed of the 3 county commissioners, recessed until Monday when a 7th firm—Smith-Dorsey Division of the Wander Co. at 233 So. 10th—will appear. A business conflict resulted in the Smith-Dorsey hearing being postponed.

The board is expected to decide next week whether to approve the inventory increases made by Davis.

The 6 firms which appeared Wednesday, the amounts their inventory valuations were increased by Davis (all figures actual values) and a summary of each hearing:

—Central States Bridge Co. and the W. A. Lynn Construction Co., both of 1022 Trust Bldg. (Central States inventory boosted from $53,390 to $217,710 and Lynn Const. inventory increased from $3,925 to $54,690). At issue is the status of equipment of the two firms operated as a "river fleet" on the Missouri River. The board agreed to have the County Attorney's office study the matter to determine if the equipment should be taxed in Lancaster County.

—Carveth Construction Co. of 1848 Vine (inventory increased from $28,825 to $65,005). The board agreed a $2,900 clerical error had been made and indicated the inventory total probably will be cut by this much. This was the only point at issue.

—Gibson Service & Repair, 322 So. 9th (inventory hiked from $6,575 to $18,080). The firm's operator said there was a conflict between figures on his federal income tax return and his personal property tax return because he did not take equipment depreciation into account on the federal return but had done so on the county return.

—Nebraska Salesbook Co. of 2105 Y and U.S. Business Forms Co. of 2145 Y (Salesbook inventory increased from $282,635 to $752,825 and Business Forms inventory boosted from $32,875 to $153,400). Representatives of both firms said they based their inventory values on the contention that "book value" does not represent the actual value of the inventories involved. They said they had depreciated the book value of some items from 10 to 90% to reach their actual value.

Several lawsuits are now pending in District Court which involve this same "book value" vs. actual value question. The suits are appeals by business firms from valuations set by the County Board of Equalization.

Attorney Gets $900 In Noble Defense Work

Atty. C. Russell Mattson was allowed $900 Wednesday for his services in representing sex criminal Harlan Lynn Noble.

Lancaster District Judge Paul White, who had appointed Mattson to defend Noble, approved Mattson's request for a fee and the judge set the amount at $900.

Mattson had been appointed under a section of state law which requires appointment of counsel in felony cases where the defendant is unable to pay for his own attorney. The county then pays the attorney fee.

Noble pleaded guilty to charges of kidnaping, sodomy and being an habitual criminal and was sentenced by Judge White Dec. 1 to terms of 20 years and life imprisonment.

Uni Junior High Students Honored For Scholarship

University Junior High School students were honored for high scholarship at the second term honors assembly held in the school auditorium Wednesday.

State Sen. Fern Hubbard Orme spoke to the honorees on "You Are Tagged."

Those honored include: Victoria Robertson and George Zarins, 9th grade; Kim Robertson and John Wilcox, 8th grade, and Gretchen Fuenning, Karen Glover, Paul McCreight, Carol Mumgaard, Alan Rowch, Gayle Smith and Linda Stewart, 7th grade.

Family Features

DEAR ABBY

Abigail Van Buren

DEAR ABBY: I am a 17-year-old girl who is good for nothing. I have been this way since I was 15. I quit school last year because all the kids knew it and I couldn't face them.

I used to get comfort out of going to church. But I haven't gone to church in months because I feel dirty when I step inside a church. I have nothing to live for, Abby. I have lost everything. Even God. Can somebody help me?

MAXINE

DEAR MAXINE: Go to church. Talk with your clergyman. He will assure you that a church is not a museum for saints — but a hospital for sinners. You have not "lost" God. You have only failed to communicate with Him. The Lord is merciful and He forgives. But first you must humble yourself in order to feel worthy in His presence. Good luck and God bless you!

☆ ☆ ☆

DEAR ABBY: I have a question to ask you. If it has to do with etiquette I have not been able to find it in an etiquette book. When a person has lost a loved one and friends express their sympathy, what is the correct thing to say in return? Not "Thank you!" I am sure.

IN DOUBT

DEAR IN: Yes, "Thank you" IS proper.

☆ ☆ ☆

DEAR ABBY: Should a fellow give up the best friend he's ever had just because his girlfriend asks him to?

I've been going with Cynthia for six months. We love each other and hope to get married. We aren't kids. I am 27 and she is 24.

My best buddy went all through school with me. We are like brothers. He doesn't hang around with us much but Cynthia resents the time I spend with him away from her. She cuts him down and makes him feel unwanted.

She wants me to dump him. Her only reason is "he dresses tacky." It's true, he doesn't dress very sharp, but he can't spend much on clothes because he supports a widowed mother. Cynthia says it's either him or her. I don't want to lose either of them. What should I do?

MISTER IN BETWEEN

DEAR MISTER: If you must choose between the friend and the frau — choose the friend.

☆ ☆ ☆

DEAR ABBY: For about four weeks I have been bothered by someone calling up my house and hanging up as soon as I say "hello." I have no idea who this could be. Some times I just stay on the line and this other party stays on the line but doesn't say a word. Is there any way I can trace these calls? It has me worried.

UPSET

DEAR UPSET: If you can keep the mysterious caller on the line long enough to have someone get to another telephone and report it to the telephone company, the call can be traced — but not unless. If it continues, ask for a change of telephone numbers.

☆ ☆ ☆

DEAR ABBY: What do you think of a girl who married young, had a baby, divorced her husband and has now turned her baby over to her mother to raise?

"Daughter" lives at home. She won't even make her own bed or rinse out her own stockings. She dresses for dates every night, whoops it up, comes home late and sleeps till noon.

Her parents are disgusted with her but are afraid to say anything to her because they love the baby and fear that if they don't let "Daughter" live the way she wants to, she'll move out and take the baby with her. What can be done?

FRIEND OF THE FAMILY

DEAR FRIEND: Question: Should an innocent child who is loved by its grandparents be raised by them or by a selfish, irresponsible mother? The law is on the side of the mother. But the law is not immutable. I would advise the grandparents to ask for legal adoption of the child and then hope that the mother will some day earn back the rights of motherhood.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, enclose a self-addressed envelope.

Opening lead — nine of spades.

Suppose you're playing a four heart contract and West leads a spade which you ruff. What would you do next?

The most natural thing to do is get to dummy with a diamond, lead the nine of hearts, and finesse. West takes the king and leads another spade. You ruff it and draw two more rounds of trumps.

By now, whether you realize it or not, you have only one trump left. Let's say you lead a club because you have to build up a club trick to make the hand. One of the opponents wins it and returns still another spade.

When you ruff, you're out of trumps, and the best you can do now is cash three diamonds, after which you will have to concede two tricks to the defenders because one of them has a high club and a good spade.

Down one is the story. Could you have done anything about it?

Yes. The trump shortage that developed could have been anticipated. It was bound to occur if the heart finesse lost. Steps should therefore have been taken to maintain control of trumps.

At trick two the best lead is a club. Assume this is done and West wins the king and returns a spade. South ruffs and plays another club. East takes it and leads still another spade. Declarer ruffs and now has three trumps left.

He crosses to dummy with a diamond and takes a heart finesse. West wins with the king (it does him no good to duck). But a spade return is ineffective because it can be ruffed in dummy, and any other lead also gives declarer the rest of the tricks. So South makes ten tricks as a result of tackling clubs before trumps.

The point is that the heart finesse, if it is on, will work late as well as early. Even if the defense gets a club ruff, the heart finesse is still available. But playing hearts too soon dooms the contract any time West has the king.

(1959, King Features Syndicate, Inc.)

TOWN TALK

—You may have noticed —we didn't accomplish everything according to our schedule yesterday—But fortunately there always is another day—and this is it.

Yesterday we mentioned that Miss Judy Adams and Miss Diana Hale would be arriving home from the University of Arizona at Tucson on Saturday, to spend the holidays in Lincoln — But there is more to the story—

On Tuesday Miss Lynn Wright will compliment Miss Hale and Miss Adams when she entertains at luncheon at her home. The guest list will include a group of former high school friends.

* * *

—Now about the Saturday Night Club party at Hotel Cornhusker on Saturday evening — The committee in charge of the dinner dance details is composed of Mr. and Mrs. Tom Sweeney, chairmen; Mr. and Mrs. Al Glandt, Mr. and Mrs. John Pavich, Mr. and Mrs. Roger Cunningham, Mr. and Mrs. Don Crosier and Mr. and Mrs. Walter Mitchell.

Guest couples at the party will include Mr. and Mrs. George Lincoln, Mr. and Mrs. Nate Holman, Mr. and Mrs. Norman Prucha, Mrs. Helen Edwards, Mr. and Mrs. George Healey, Mr. and Mrs. John Grasmick, Miss Mary Helen Mallory of Boston, Mass., Lt. Martin Hall, Mr. and Mrs. Emory Nelson, Mr. and Mrs. E. K. Reece, Mr. and Mrs. Louis Sahn and Capt. and Mrs. Joseph Lloyd.

* * *

—From Lexington, Ky., comes news of the arrival of Marian Kay Loeffel on Monday, Nov. 23. The baby is the daughter of Dr. and Mrs. Frank Loeffel, and her immediate family group is completed by her brother, Paul, and her sister, Joan Louise.

The maternal grandparents are Mr. and Mrs. Frank Schnittker of Lincoln, and the paternal grandparents are Mr. and Mrs. William J. Loeffel, also of Lincoln.

* * *

—And more of everything tomorrow—

Christmas In Ireland

The Christmas spirit changes little throughout Christendom, but the observance of the Yuletide season differs according to national or local custom.

Maeve FitzGibbon, world traveler from Ireland, spent Christmas in the United States last year and her observations concerning traditions of the season as they coincide or contrast in the two countries sheds new light on age-old holiday customs.

"Probably nowhere in the world are there such magnificent Christmas decorations as those to be seen on Fifth Avenue in New York City," exclaims Miss FitzGibbon. "In Ireland we have nothing so spectacular."

Concerning Ireland's decorations Maeve observes, "Christmas is a family feast of religious significance in Ireland so the Christmas fir or pine with its fairy lights is placed in one window and the large Christmas candle, lighted by the youngest member of the family, in the other. The streets of the cities or larger towns are therefore lined with the lights of family festivities.

A notable difference between Irish and U.S. celebration of this religious feast, notes Miss FitzGibbon, is that in Ireland it is a three day holiday—Christmas Day and St. Stephen's, and the day after. On St. Stephen's Day everyone is aroused by the "Wren Boys" dressed in weird costumes singing. The children scream with mixed fear and delight and dogs bark with excitement, but most everyone is generous in giving to the costumed "Wren Boys" who are usually 12 or 14 years old and not as dangerous as they appear.

KITCHEN PIN-UP

Here are some "quickies" perfect for the busy woman who likes to make her own holiday candies.

CHOCOLATE BRITTLE DROPS

Over hot water, partly melt four semi-sweet chocolate squares (that's half a package) remove from heat and stir rapidly until entirely melted. Add 1½ cups crushed peanut brittle, mix well, drop from a teaspoon onto waxed paper and cool. Makes about 27 candies.

CARAMEL NUT SQUARES

Melt a cup of caramel chips over hot water, add ⅔ cups nuts and mix well. Spread on a shallow pan, chill, then cut into one-inch squares. Makes about 2 dozen squares.

Announce Betrothal

MISS JANET KAY PHILIPPI

Mr. and Mrs. Miley A. Philippi are announcing the engagement of their daughter, Janet Kay, to Dion Bennett, son of Mr. and Mrs. Cecil Bennett of Stromsburg.

Mr. Bennett is a student at the Lincoln School of Commerce.

Club Holiday Parties

The Lincoln FOOD RETAILERS AUXILIARY members will hold a Christmas party on Thursday when they meet for a 1 o'clock luncheon at the home of Mrs. Walter Vestecka, 3260 So. 31st. During the afternoon, the members will exchange gifts.

The annual Christmas party for Lincoln HOMEBOUND PUPILS will be held Thursday afternoon at 1:30 o'clock in room 100 of the Lincoln Public School Administration Bldg.

Favors for the children will be provided by the Lincoln Council of Parents and Teachers, and the program will include songs and stories by the children, group singing, and a gift exchange.

The school for homebound pupils is a part of the special education program of the Lincoln Schools.

The members of the Lincoln Air Force Base NCO WIVES CLUB will hold an installation dinner Saturday evening at the NCO Club. Newly-elected officers of the club will be formally installed.

A Christmas dinner and meeting of DELTA KAPPA GAMMA, honorary educational society, was held Monday evening at the Student Union.

Christmas music was presented by Miss Berta Dean, pianist. Mrs. Gladys Sorensen, Miss Bertha Steeves and Miss Ruth Hurst read, "Song of Bethlehem". Group singing was accompanied by Miss Margaret Peterson.

In charge of arrangements were Miss Alma Hahn, Miss Rosalie Pearson and Miss Peterson.

A family open house was held Tuesday evening for the members of HAWTHORNE PTA who toured the classrooms which had been decorated by the pupils.

Following a short business meeting, a program of Christmas music was presented by the PTA Mothersingers.

Pupils of Merle Beattie School are putting the finishing touches on their holiday decorations in preparation for the school's Christmas open house, to be held Friday evening, from 7 o'clock to 8:30 o'clock.

Pictured with a giant "bulletin board" Christmas card are (from the left) Margo Van Patten, Ronnie Strand, Jacque Klapal, Kerry McManus and Jeffrey Burling.

During the evening, a program of Christmas folk carols will be presented by the Merle Beattie Mothersingers, directed by Mrs. Harlan Mahaffy. There also will be a gift bar and refreshments.

SUBURBIA

EASTBOROUGH

Spending the Christmas holidays in Sioux City, Ia., will be Mr. and Mrs. Vern Willer and their children. The Willer family will visit Mr. and Mrs. Willer's parents, Mr. and Mrs. Henry C. Willer and Mr. and Mrs. W. G. Shadle.

Mr. and Mrs. Campbell McConnell and their children, Lauren and Curtis, will motor to Norfolk on Christmas Day to be the guests of Mr. and Mrs. H. C. Knight.

Planning to spend the holidays in Eastborough will be Mr. and Mrs. O. B. Doudna who will visit at the home of their son-in-law and daughter, Mr. and Mrs. Reg Davies.

What nicer Christmas present than the arrival of a new member in the family—Mr. and Mrs. Dale Skupa are the proud parents of a daughter; Dawn Janelle, who was born at Bryan Memorial Hospital on Monday, Dec. 14. Dawn has a brother, Brian.

Her grandparents are John Skupa of Hastings and Mr. and Mrs. Curtis Ressel of Plainview. Incidentally, Mr. and Mrs. Ressel were here when Dawn arrived, and plan to return to Lincoln during the holidays accompanied by their grandson who has been visiting with them.

MEADOW LANE

There seem to be a number of parties on the holiday agenda in the suburb and among them an open house for which Mr. and Mrs. Ernest Wollin will be host and hostess on Saturday, Dec. 19. Eighteen neighborhood couples have been invited for the evening affair.

And on Sunday, Dec. 20, between the hours of 6 o'clock and 9 o'clock Capt. and Mrs. Robert Byrom will entertain Capt. Byrom's fellow officers of the 424th bomb squadron and their wives at an open house at their home. One hundred guests will be present.

PARK VALLEY HEIGHTS

Entertaining the members of her pinochle club at a Christmas party and gift exchange at her home on Monday, Dec. 14, was Mrs. Walter R. Davis. On hand for the dessert supper and card party were Mrs. Carroll Burns and Mrs. Don Eastman, prize winners during the evening, Mrs. Earl Nielson, Mrs. Lane Westmoreland, Mrs. Don Bangert, Mrs. George Eliker and Mrs. Cecil Fitzgerald.

MADAM CHAIRMAN

MORNING

Jay-Husker Girl Scouts, neighborhood 3, 9:15 o'clock, Bethany Christian Church; neighborhood 1, 9:30 o'clock, Northeast Community Church.

County Assessors' Guide To Be Part Of New Taxing Rules—Johnson

Forrest A. Johnson, new state tax commissioner, said Wednesday he will make the county assessors' guide to values a part of the proposed taxing rules which will take effect Jan. 1.

Johnson, in his first day in office, said all county assessors then would be required to follow the guide in the assessment of tangible personal property.

The guide, adopted by the County Assessors Assn., sets out values for various types and makes of property.

Gov. Ralph Brooks had recommended that the valuation guide be made binding on assessors and taxpayers. Heretofore it has served an advisory role.

2 More Provisions

Former tax commissioner Fred Herrington had declined to make the guide part of the binding set of rules but finally left the decision to his successor.

Johnson said his rules will include two additio nal provisions:

—If a county assessor wishes to deviate from the book in any specific case, he is to first send the facts and his opinion to the state tax commissioner, who will have the power to affirm or deny the deviation.

—If such a deviation is made, the taxpayer will still have the right to appeal to the county board of equalization.

The rules are being written under a law passed by the 1959 Legislature. A public hearing on them will be held at 9 a.m. Monday, Dec. 21, in the Capitol. They are to become law Jan. 1.

Asked to Stay

Johnson also said he has asked Mrs. Lenore N. Johnson, wife of state auditor Ray C. Johnson, a Republican, to "stay on for a while, at least part-time," even though she resigned Tuesday, effective immediately.

Mrs. Johnson's position is that of auditor of the social security division of the tax commissioner's office. The Democratic appointee of the governor, said her services are needed at least until the next quarterly reports in her office are finished.

The new tax commissioner also needs a secretary to replace Mrs. Ann Haith, Herrington's former secretary who is now working at the University of Nebraska.

He also anticipates replacing Jerry L. Snyder, director of the financial division who resigned effective Jan. 12 to enter private law practice, but said the new person may not have the same title.

Hymn Contest

St. Paul, Minn. (AP) — The Lutheran Society for Worship, Music and the Arts is conducting a contest in the writing of new hymn texts. The winning hymns will be set to music and featured at the Society's third annual conference next June.

'Buddy' System Abolished At Forbes Air Force Base

Topeka,Kan. (UPI) — The controversial "buddy" system at Forbes Air Force Base was abolished by the same Strategic Air Command general who established it.

The order to rescind the system which would police the public and private lives of airmen was given by Brig. Gen. Ariel W. Nielsen at the same time that two senators demanded a full explanation of why it was initiated.

"I have been most surprised to learn that my recently issued policy letter has been so widely misunderstood," Nielsen said.

"Obviously, since there is an apparent misunderstanding of the intent of the letter of procedures to be employed, the letter should be re-written. Accordingly, I have rescinded this policy effective this date."

Base Commander Col. James Flanagan said earlier the rules "might be spelled out in more detail than perhaps we would normally do."

★ ★ ★ ★

Big Brother Plan Not Used At Lincoln Air Force Base

Close supervision of airmen's activities, on duty and offf, is not one of the methods of raising the re-enlistment rate at the Lincoln Air Force Base.

The announcment of a "buddy system" program at Forbes AFB, Topeka, Kan., started a controversy among military and civilian brass as to the need for such a method to retain skilled personnel and weed out undesirables.

The controversy ended quickly Tuesday night when the initiator of the program at Forbes, Brig. Gen. Ariel W. Nielsen ordered the buddy system abolished.

Close Checks

The short-lived program called for a non-commissioned officer to take charge of a small group of airmen, learning their family histories, financial status, driving records, off-duty activities and associates.

The Forbes AFB plan was reviewed and commended by the Strategic Air Command headquarters spokesman and attacked by 3 Democratic senators.

At Strategic Air Command headquarters in Omaha, "buddy systems" were defended as improving morale, reducing unfavorable incidents and boosting re-enlistment rates. Forms of the buddy system have been in use since 1956, SAC officials said, and point to the rise in re-enlistment rates.

Up 40%

The over-all re-enlistment rate for the Air Force has risen from 32.9% for the first 6 months of 1956 to 72.9% in the same period in 1959.

Use of the buddy system, and the degree to which it is applied, are up to the individual base commander, SAC officials explained.

The buddy program was "heartily endorsed by parents" of inductees, and considered to provide better supervision "assisting young airmen from the civilian to military life," SAC headquarters said.

Three Democratic senators had vowed to take action in seeking out more information on buddy system methods. One of them, Sen. Mike Mansfield (D-Mont.) remarked that "I think this is carrying the spirit of togetherness a little too far."

Sen. Thomas C. Hennings Jr. (D-Mo.) chairman of the Senate Constitutional Rights Committee, demanded a full report from the Secretary of the Air Force. His aide said the senator was concerned that the buddy system "might abridge the constitutional safeguards of airmen."

Sen. Philip A. Hart (D-Mich) said he wants more information on the buddy system and its implications.

Nixon Will Likely Limit Efforts To Few States

. . . During Primary Contests

Washington (UPI)—Vice President Richard M. Nixon will limit his presidential primary efforts to a handful of states even if Gov. Nelson A. Rockefeller of New York tries to force a broad-scale contest, it was disclosed Wednesday.

A well-posted informant said Nixon would be too busy in Washington to enter a dozen or more state primaries. He indicated that Nixon would enter no more than 4 to 6 contests for convention delegates.

Rockefeller had told a news conference at South Bend, Ind., that he would consider entering all state primaries if he became a serious contender for the Republican presidential nomination.

15 Have Primaries

Fifteen states and the District of Columbia now have primaries of varying types to allow the voters to record their choice among the candidates for their party's presidential nomination.

Nixon is expected to enter the June 7 primary of his home state of California and the May 20 primary in Oregon. Oregon has a new state law putting all major contenders of both parties on the ballot.

Depending in part on Rockefeller's moves, Nixon also was considered likely to make pre-convention bids in New Hampshire's first-in-the nation primary March 8 and in the Wisconsin primary April 5.

Along with possible races in one or two other states, this is expected to be the limit of Nixon's primary activity next year.

Supporters of both Nixon and Rockefeller already have set up campaign headquarters in New Hampshire, where President Eisenhower launched his successful campaign for the 1952 nomination. Wisconsin also was considered a likely site of a direct contest between the two GOP leaders.

Most Republicans think Rockefeller must win or at least make a strong showing in New Hampshire to stay in the race for the nomination. With most of the party organization strongly for Nixon, Rockefeller must show he has strong voter appeal.

In recent campaigns, only Sen. Estes Kefauver (D-Tenn) has entered nearly all presidential primaries. He entered 13 contests in both 1952 and 1956. He captured impressive delegate support but it still wasn't enough to win the nomination.

The number of possible contests has dwindled since 1956 because three states — Minnesota, Montana, and Alaska —have discarded presidential primaries.

Too Tempting

Kingston-on-Thomas, England (AP) — A 50-year-old woman house detective was fined $140 (equivalent) here for stealing from stores she was hired to guard. She took a corset, a box of mascara, talcum powder and a purse.

ADVERTISEMENT

Sure Way Out Of Bad Situation

OMAHA, Nebr. — Mr. Robert F. Christensen, 3824 North 70th Ave., says: "I learned the wonders of Baker's Hair Tonic several years ago. It really takes care of dandruff and itchy scalp, and by using Baker's occasionally your scalp stays in good condition." It's so easy and pleasant to use. Not messy or greasy like most so-called dandruff remedies. Use it any time, anywhere. No Federal excise tax on Baker's Hair Tonic, because it's a specific for dandruff. For a "sure way out of a bad situation" caused by dandruff and itchy scalp, use Baker's Hair Tonic. Satisfaction, or money back. Adv.

FOOTBALL CROWDS RISE

Total Shy From '49 Top Mark

New York (AP)— Is college football suffering from the increasing popularity of the professional game? Is television losing its impact on the fans?

If it is suffering, the annual attendance survey by the NCAA Service Bureau doesn't show it. Neither does it prove that colleges might not be doing better at the gate without these two kinds of competition.

Sixth Straight Year

Statistics show total attendance and average attendance at the home games of 623, colleges increased this season for the 6th straight year.

The total of 19,615,344 — about two million each Saturday of the season — fell somewhat short of the 1949 peak total, but the average of 31,479 a team was more than 2,500 above the 1949 figure. There were 59 more football-playing colleges a decade ago.

The NCAA surveys, begun in connection with the television program, show a steady decline from 1949 through 1953. Since then there has been an equally steady rise.

But the total growth rate doesn't look especially high when compare to pro football's boom.

Up 9.2 Per Cent

It works out this way. In 1949, average attendance for 682 colleges was 28,815 a team. By 1953 it had dropped to 26,993. Now it has climbed to 31,479.

It works out to a 9.2 per cent increase over the previous high and 16.6 over the low mark.

Of the top 16, 8 did better at the gate than in 1958 and as many were under last year's figures.

The 1959 sectional attendance figures.

	Games	Att.	Avg.	Change
East	509	2,995,156	5,884	+4.74
South	592	4,973,622	8,401	+4.43
Midwest	579	4,504,473	7,780	—0.31
Midlands	436	2,171,658	4,981	—8.55

State's Fahs, Gowens, Bechinski, Walker, Olson . . . with Anderson

—Involved Players Worth $500,000—

Detroit Nixed Bucs' Attempt For Al Kaline

Detroit (AP) — The Detroit Tigers revealed Wednesday night they turned down a recent offer for Al Kaline that would have brought them 3 regulars reportedly worth $500,000 from the Pittsburgh Pirates.

"But that was as far as the Pirates got," said Detroit General Manager Rick Ferrell. "We gave it no consideration."

Ferrell said the Pittsburgh offer for the Tiger center fielder was made at last week's major league meetings in Miami. He said it came at a breakfast confab attended by himself, Tiger Manager Jimmie Dykes and General Manager Joe L. Brown and Manager Danny Murtaugh of the Pirates.

'Not For Kaline'

"We had a deal in mind," Ferrell said. "But not for Kaline. Our discussions ended when they mentioned his name."

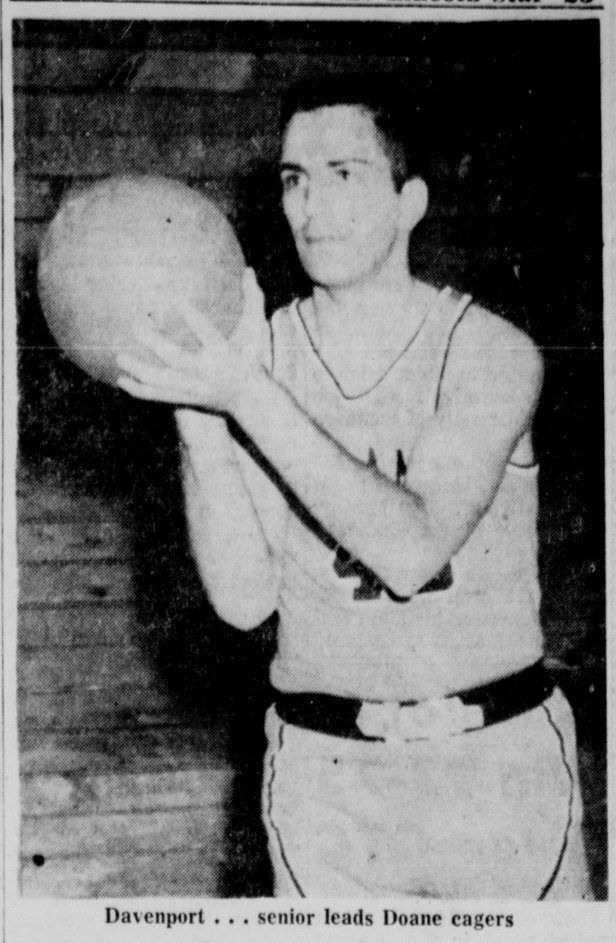

Ferrell admitted the Pirates offered 3 of their regulars for Kaline.

"I'd rather not name names," Ferrell said. "I heard that Brown said they were worth a half-million dollars. I wouldn't want to estimate their value."

Proposals To Others

Ferrell said he understood Pittsburgh made similar proposals for Harmon Killebrew of Washington, Rocky Colavito of Cleveland and Roger Maris, then of Kansas City. Maris was traded to the New York Yankees in a 7-player swap with the Athletics.

Only recently Washington President Calvin Griffith said he turned down a half-million offer from the Cincinnati Reds for the slugging Killebrew.

Davenport . . . senior leads Doane cagers

Wesleyan Host To Doane Club

. . . First Conference Action Tonight

By Paul LeBar

Wesleyan's stepped-up offense gets the test at Taylor gymnasium tonight against a snarling Doane College quint.

It's the Nebraska College Conference opener for Coach Irv Peterson's 5, winners of 60 per cent against non-loop foes.

Doane, shy height and experience, has the advantage of having failed against two conference foes.

Chased Peru Club

The Tigers were slapped down by Midland 67-52 last week, but rebounded well while chasing Peru State at 64-61.

Only veterans at the Crete school are George Davenport, Jack Huck, Noyes Rivers and Henry Sader.

Rivers of that crew is ineligible until the second semester.

New Coach Gene Else has a pair of newcomers among his starters in Lincolnite Joe Moore, 6-0 frosh, and junior college transfer John Sieber of Mahaska, Kan.

Hit 28 Points

Davenport is the Tigers' biggest weapon, the Pittston, Pa. senior tossing in 28 points against Peru.

Sieber was a Sunday Journal and Star All-5-JC pick at Fairbury JC a year ago. Moore, defensive standout, is celebrated for his defensive play.

Mel Harmon, 6-5 former Class B all-stater from Hebron, gives the Crete teams its only good height among the starting 5.

Frosh Paul Kersenbrock, 6-7 Crete High grad, may be rushed to service to combat the Plainsmen's tall front line of Rudy Stoehr, Ken Major and Dennis Semin.

Mentor Is Satisfied

Wesleyan Coach Peterson was satisfied with his club's improved play againt Omaha this week, but looks for Doane to be tough.

A preliminary between Plainsmen B squadders and Doane's B team opens action at 5:45 p.m.

Regular game is slated for 7:30.

Probable Starters		
Doane		Wesleyan
Davenport (6-2)	f	(6-4) Major
Moore (6-0)	f	(6-5) Stoehr
Dankenb'ng (5-11½)	c	(6-5) Semin
Sieber (6-0)	g	(5-10) Eichorn
Harmon (6-5)	g	(5-11) Gillham

Once-Beaten Bush Squad After New Touch Tonight

. . . UNBEATEN MICHIGAN STATE QUINT IS COLISEUM FOE

By Bob McCoy

Nebraska's Cornhuskers go on the rebound road tonight, hosting Michigan State in the 1959 home finale.

Tapped with their first loss of the year by Notre Dame Monday night, the Huskers (3-1) attempt to reduce the sting.

Foe Is Unbeaten

Path back to victory won't be easy against the Spartans, who bring an unbeaten mark into the 8:05 Coliseum affair.

The defending Big 10 champion Spartans boast a 2-0 record from a speedy club with deceptive height.

Coach Forddy Anderson's Spartans erased Bowling Green 96-57 in their opener before stopping Notre Dame 61-56 in overtime.

Although Michigan State lacks a big man, Husker Coach Jerry Bush isn't breathing easy.

Spartans Can Jump

"If you think our shorter boys can jump, wait until you see theirs," the Coliseum master warns.

Lance Olson (6-4) is the lankiest Spartan starter, teaming with Horace Walker (6-3) and Art Gowens (6-2) in the MSU front line.

This trio has hauled down 95 rebounds in the two Spartan games. They've also handled most of the scoring.

Gowens leads with 52 points, while Olson has 44 and Walker 32.

Some Changes Due

Other MSU starters include playmaker Dave Fahs (5-9) and either Dave Bechinski (6-2) or Dave Richey (5-9).

Bush indicated he may make some changes in the NU opening lineup. Soph guard Al Roots appears to have the best chance to make the first unit.

Husker starters the past 3 games have been Al Maxey, Jim Kowalke, Bob Harry, Herschell Turner and Rex Swett.

Nebraska leaves the Coliseum for the first time this year on a western tour starting Saturday at Oregon State.

Turner Top Scorer

The Huskers play the Beavers again next Monday, then invade Montana Wednesday before going to Kansas City for the Big 8 pre-season tournament.

Probable Starters		
MICH. STATE	Pos.	NEBRASKA
Olson (6-4)	f	Maxey (6-3)
Walker (6-3)	f	Kowalke (6-3)
Gowens (6-2)	c	Harry (6-6)
Fahs (5-9)	g	Turner (6-2)
Bechinski (6-2)	g	Swett (6-1)

After 4 games, Turner leads NU scoring with 63 points. Maxey is second with 58 points and has the rebound lead with 42.

Husker chart:

	FG	FT	PF	Pts	Reb
Herschell Turner	23-47	17-30	9	63	38
Albert Maxey	24-59	10-16	7	58	42
Jim Kowalke	16-41	8-10	10	40	21
Bob Harry	9-25	7-17	13	25	23
Rex Swett	8-32	5-9	3	21	19

Highland Victim Of McCook Club

Lincoln Star Special

Highland, Kan. — McCook's traveling Indians ran their record to 5-1 here Wednesday night, dropping Highland JC 65-62.

McCook led by 34-29 at halftime and expanded the bulge to 10 points often in the second half.

Marvin Teel[illegible] 18 poi[illegible] paced the N[illegible] skans. Charles Bowel[illegible] 23 for the losers.

Coach Supporting Change For Subs

Columbia, S.C. (AP) — University of South Carolina Football Coach Warren Giese, recently appointed to the rules committee of the National Football Coaches Assn., said Wednesday he favors return to unlimited substitutions for the college game.

Giese said he may recommend changing the rules.

"Unlimited substitutions allow you to take advantage of specific abilities among your players," Giese explained.

Creighton Handy Winner At Home

Omaha (UPI) — Three Creighton Bluejays monickered "Dick" paced their mates to a one-sided 91-64 triumph over Arizona State of Flagstaff Wednesday night.

Torrid shooting of Dick Harvey (29), Dick Hartmann ((26) and Dick McMahon (16) provided 61 of the home team's points.

Creighton scored from the field twice in the first minute of the game and was never pressed thereafter.

The Jays out-rebounded their foes nearly two-to-one grabbing 59 to the losers' 31.

KEEPING SCORE

With Al Beebe

Star Sports Staff Writer

Feudin' In North Platte

There's a feud going on in North Platte, carried on in the sports column of the North Platte Telegraph-Bulletin.

Those feuding are sports columnists Gary Johansen and Jim Kirkman. The latter acknowledges Johansen's right to his opinions and his right to express them, so we assume the feud is only on in print.

The argument is over the possibility that North Platte, with only a single football victory in two years, may schedule Creighton Prep, state champion this past season, in 1961.

Johansen is opposed, at least until "our football program merits such an undertaking."

Play The Big Ones

Kirkman is strongly opposed to the idea of playing smaller A and B schools (North Platte is 10th largest in Nebraska), and supports efforts to strengthen the Platter slate. The veteran writer has these interesting arguments:

"We do not agree that Omaha's prep athletics are superior to those outstate. Just because the Omaha teams conveniently play one another and take turns beating one another doesn't necessarily make them all good, as metropolitan sports pages and their mythical ratings annually suggest.

"The writer, and a sprinkling of his fellow scribers throughout the state, have been waging an unsuccessful battle for many years hoping someday to promote a Class A playoff in Nebraska High School football to replace the controversial selection of a mythical champion.

"We have periodically pointed out that only in football, where champions are not officially determined by way of elimination, do the Omaha schools dominate the athletic scene in major sports."

I Agree, But . . .

Basically, I agree with Kirkman's contention that North Platte should play strong teams. But I must take exception to some of his arguments.

Concerning the football playoff, I feel that any system which does not allow a playoff possibility for each and every team in the state is unfair, and that one which would allow this would be unworkable.

Kirkman partially answers his own argument himself, when he states:

". . it is almost a mathematical certainty, a high school with twice the male enrollment of another school has twice the advantage to come up with a stronger starting combination and over the stretch will defeat the smaller enrollment school two to one."

Six of the 10 largest schools are in Omaha, so using Kirkman's own logic (and he's right), Omaha teams naturally would dominate the top 10 in football. In other sports, the mathematical weight is more easily and more often overcome by a few good individuals, but not in football.

The mathematical advantage, and the fact that the Omaha teams face the toughest competition (a convenience other teams such as North Platte do not possess), is what makes the Omahans tops.

And North Platte will never break into that circle unless it does play the toughest competition available.

Keglers In Big Night On Alleys

It was a big night for bowling in Lincoln Wednesday. Northeast Lanes had a record 706 series, and at Bowl-Mor, what is believed the season's high-water mark for women was tossed.

Don Schroer, a 180-bowler in the Goodyear Men's League, got the 706 series in his 6th year of bowling. The Goodyear employee had games of 258, 233 and 215 in beating his previous personal high series by some 50 pins.

The old Northeast record of 702 was held by Fred Shaw.

The 30-year-old Schroer is not one of Lincoln's busiest bowlers, limited virtually to his one night per week in the Goodyear League.

At Bowl-Mor, Jo McVey, rolling for the John Carter & Son team in the Ladies Classic League, came up with a 642 series on games of 201-207 234, believed best this year by a Lincoln woman.

Ramsey Initial AFL Grid Boss

. . . Detroit Aid Signed For Buffalo

Buffalo, N. Y. (AP)—Garrard (Buster) Ramsey, defensive coach of the Detroit Lions, Wednesday became the American Football League's first coach. He was named to head the staff of the Buffalo Bills.

Appointment was announced by Owner Ralph C. Wilson Jr. of Detroit.

Ramsey, a former All-America guard at William and Mary, has spent 14 seasons as a player and assistant coach in the National Football League.

Terms of his 3-year contract with the Bills were not disclosed.

At Detroit, Ramsey said, "I'm thrilled at the opportunity of being head coach. I hate to leave Detroit, but Buffalo is a fine sports town."

Asked about assistants, Ramsey said, "I'll have to get out and hire some assistants. I have no one in mind right now."

He said the Bills already have signed some players and, "part of my job will be to get out on the road and sign some more.

"There are about 300 coming out of college every year and the National Football League only signs about 60. I think there are enough to go around."

Ramsey, 39, is a native of Marysville, Tenn. He was an Associated Press All-America guard on William and Mary's Southern Conference championship team in 1942.

Colt Total Offense Best; Giants' Defense Toughest

Philadelphia (AP) — Look at final National Football League statistics indicates the championship battle Dec. 27 pits a potent offensive Baltimore club against a rugged New York defense.

For the second year in a row the defending champion Colts, Western Conference titleholders, captured first place in total offense with 4,458 yards and 374 points.

Thanks to passing of quarterback Johnny Unitas and receiving of Ray Berry, Lenny Moore, Jim Mutscheller and Co., the Colts supplanted Pittsburgh for top honors in passing with 2,753 yards.

The Giants, with big Sam Huff holding up the middle of the line, showed they were the best defensive team against rushing for the second straight year. They allowed 12 opponents a total of 1,261 yards, an average of 3.3 yards on each of 379 carries.

Fullback Jimmy Brown hoisted the Cleveland Browns to their second straight rushing title. He picked up 1,329 of the total 2,149 yards.

The Chicago Bears demonstrated the best pass defense. Their rivals completed 43.2% of their 333 attempts.

Punting honors went to the Giants with an average of 46.6 a 10th of a yard better than Detroit.

The Colts' 4,458 total offense this year was only 81 yards less than they rolled up in 1958. Their 374 points were only 7 less than a year ago. Final figures:

OFFENSE

	Rush	Pass	T. Yds.
Baltimore	1,705	2,753	4,458

Syracuse Drills

Syracuse, N.Y. (AP) — Syracuse switched from defensive to offensive Wednesday in preparations for the Cotton Bowl football game against Texas New Year's Day.

YMCA Church League Has Opening For Team

The YMCA Inter-Church basketball league has an opening for a Class B (High School) team to be filled by Jan. 4. Those interested should contact Ben Uysato at the Y.

Lincoln Makes Switch To Medal Golf Tourney

Medal play, considered a better test of golfing skill, has been adopted for the 1960 men's city Tournament.

Switch from match play will also see a change in the format of location, utilizing all 3 of Lincoln's 18-hole courses, rather than monopolzing one course for a week.

The changes, announced by Lincoln Men's City Golf Assn. president Max Pennington, must be made final at the group's spring meeting for the tourney in August.

Under the new plan, the top 17 per cent in the first round at the host club — Lincoln Country Club next year —will be placed in the championship bracket, the next 13% in the first flight, and the remainder in flights of 10% each.

The first round will serve both for qualifying score and be counted in total tourney score.

The first round will be held Tuesday, the second and 3rd rounds will follow on Hillcrest and Pioneers courses. The final round, on Friday and for the championship flight only, will return to the host LCC site.

Clark Insists Decision Own

. . . Skeptics Speculate On Pressure

Los Angeles (AP) — The skeptics continued to wonder, but Head Coach Don Clark insisted Wednesday no pressure was exerted in his decision to quit the lucrative football job at the University of Southern California.

Clark, in effect, handed over the coaching reins to his chief assistant, John McKay, a former Oregon halfback star.

Profession Risky One

The 35-year-old Clark, whose tenure at his alma mater ends March 1, declared he's been considering leaving the coaching ranks for several years; even, he said, before he took the boss role at Southern Cal 3 years ago.

He admitted the profession is a risky one and added he didn't want to face prospects of moving his family—he has 7 youngsters—all over the country in future years.

Clark resigned to enter a factory clothing supply firm headed by his brother John.

He denied specifically that the now famed McKeever incident which involved the Trojans and the University of California had anything to do with his decision.

Guard Mike McKeever was accused of deliberately injuring a California player, Steve Bates. In the uproar that followed, President Norman Topping of USC publicly apologized for the mishap, but Clark defended his player and the play itself as an accident.

Antelopes Win 97-75 Over CTC

Lincoln Star Special

Seward — Kearney State pulled away in the final 10 minutes for its first Nebraska College Conference victory, a 97-75 thumping of Concordia here Wednesday night.

Kearney held only a 44-41 halftime lead, then pulled away on a spurt paced by Tom Williams, who scored 5 baskets late in the game. The victory evened the Antelopes' NCC mark at 1-1, while Concordia is now 0-3.

Paul Collison of Kearney and Concordia's Gordon Beckler each had 24 points to share scoring honors. After John Suhr's 16 points, Beckler had little help in the Concordia attack.

Kearney presented a well-balanced attack, with 12 players entering the scoring column, 10 with 5 points or more. Williams had 13 and George Haun 11.

KEARNEY	g	f	t	CONCORDIA	g	f	t
Collison	10	4-6	24	Beckler	8	8-10	24

NSL MEETING SET JAN. 3

Grand Island (AP) — A meeting has been scheduled in Kearney Jan. 3 to consider possibilities of operating the Nebraska State Baseball League in 1960.

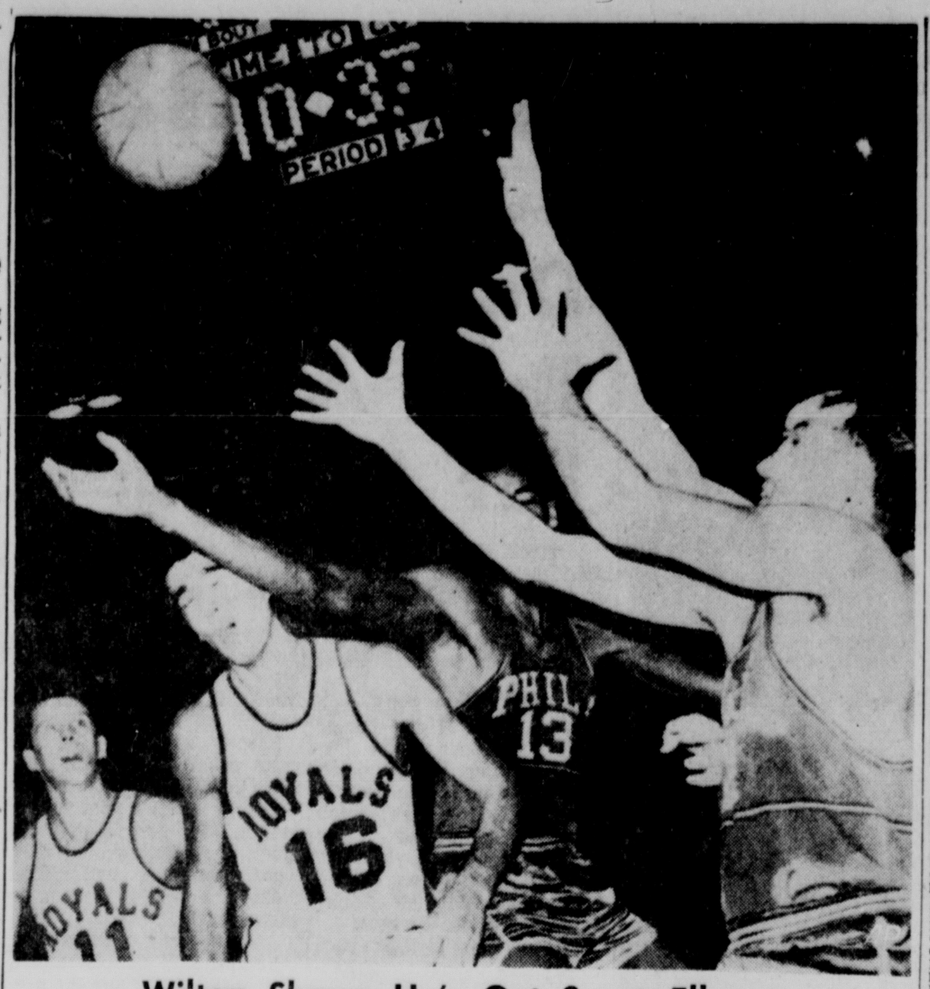

John Ditter of Grand Island said there would be representatives from Lexington and Superior at the meeting although they did not operate last year.

Cleveland has withdrawn its support from North Platte, New York from Kearney and Kansas City from Grand Island.

Teams operating last year were Grand Island, Hastings, Holdrege, North Platte, Kearney and McCook.

To Canadian Loop

Mount Pleasant, Mich. (AP)—Little All-America halfback Walt Beach of Central Michigan—says he's signed a professional contract with the Hamilton Tiger-Cats of the Canadian Big 4.

Wilton Shows He's Got Some Elbows

Cincinnati's Phil Joraon (16) gets crack on head from outstretched arm of Wilt Chamberlain during rebound action in NBA game with Philadelphia Wednesday night. At right is Warriors' Paul Arizin. No. 11 is Cincinnati's Phil Rollins. Warriors won, 114-105.

Fowles, Bauers Pace LHS Triumphs

Lincoln High School, behind near-record performances by Bill Fowles and Ron Bauers, opened its swimming season by taking a double dual meet from Lincoln Northeast and Omaha South in the PSA pool Wednesday.

Northeast defeated South, 68-17, in the 3rd portion of the meet. Lincoln scores were 55-31 over the Rockets and 60-25 over South.

Fowles won the 100 butterfly in 1:00.5, a second over his own state record, then came back with a fine 2:30.6 in the 200 yard individual medley.

Bauers won the 100 backstroke in 1:05.3, just .7 off the state mark.

Pete Crancer and Don Copas led NE, each with a win against Lincoln and a double over South.

The results:

LHS 55, NE 31

50 freestyle—1. Pete Crancer, NE, 25.9; 2, Jim Wallen, LHS; 3, Ray Frohn, LHS.

100 butterfly—1, Bill Fowles, LHS, 1:00.5; 2, Corey Gacusana, LHS; 3, Chuck Foster, NE.

200 freestyle—1, Jim Young, NE, 2:21.5; 2, Dick Ripley, LHS; 3, Bill Evans, LHS.

100 backstroke—1, Ron Bauers, LHS, 1:05.3; 2, Bob Ferrell, NE; 3, Jim Hempel, NE.

100 breaststroke—1, Don Copas, NE, 1:18.2; 2, Rich Revis, LHS; 3, Tony Holder, LHS.

100 freestyle—1, Dave Meyers, LHS, 59.3; 2, Crancer, NE; 3, Foster, NE.

Diving—1, Johnny Akers, LHS; 2, Dick McAdams, NE; 3, Terry Tice, LHS.

200 individual medley—1, Fowles, LHS, 2:30.6; 2, Copas, NE; 3, Ferrell, NE.

200 medley relay —Lincoln (Bauers, Revis, Dermeyer, Gacusana), 2:02.1.

200 free style relay—Lincoln (Ripley, Wallen, Dermyer, Meyers), 1:45.1.

LHS 60, South 25

50 freestyle—1, Wallen, LHS, 26.1; 2, Christensen, OS; 3, Frohn, LHS.

100 butterfly—1, Fowles, LHS; 2, Gacusana, LHS. No third.

200 freestyle—1, Ripley, LHS, 2:24.4; 2, Evans, LHS; 3, Henson, OS.

100 backstroke —1, Bauers, LHS; 2, Ronnie Schwab, LHS; 3, Benedict, OS.

100 breaststroke—1, Revis, LHS, 1:20.1; 2, Holder, LHS; 3, Fischer, OS.

100 freestyle—1, Meyers, LHS; 2, Willis Leyden, LHS; 2, Siedlik, OS.

Diving—1, Akers, LHS; 2, Christensen, OS; 3, Tice, LHS.

200 individual medley —1, Fowles, LHS; 2, Bob Johnston, LHS; 3, Russell, OS.

200 medley relay—South (Binder, Dean, Fischer, Wolverton).

200 freestyle relay—South (Navjokaitis, Howzer, Siedlik, Hauptman).

NE 68, South 17

50 freestyle—1, Crancer, NE; 2, Christensen, OS 3, Elsinger, OS.

100 butterfly — 1, Foster, NE 1:17.9, 2, Jim Bartzatt, NE. No third.

200 freestyle—1, Young, NE; 2, Bob Kerrey, NE; 3, Henson, OS.

100 backstroke — 1, Ferrell, NE, 1:07.1; 2, Hempel, NE; 3, Binder, OS.

100 breaststroke—1, Copas, NE; 2, Fischer, OS; 3, Phil Criley, NE.

100 freestyle—1, Crancer, NE, 59.9; 2, Foster, NE; 3, Elsinger, OS.

Diving— 1, Christensen, OS; 2, McAdams, NE; 3, Wolverton, OS.

200 individual medley —1, Copas, NE, 2:45.0; 2—Ferrell, NE; 3, Russell, OS.

200 medley relay—Northeast (Sutton, Criley, Bartzatt, Matthews), 2:30.

200 freestyle relay —Northeast (Brown, Hempel, Kerrey, Young), 2:04.5.

Roy Vermaas Has Ace For Christmas

With fall-like weather, golfer Roy Vermaas is still trying his luck on the Hillcrest Country Club links. Thursday, he received an early Christmas present—a hole-in-one.

Vermaas got the ace—his first—on the 195-yard 16th hole using a No. 3 wood. His playing partner was Sandy Sandoz.

Players Gripe Over Trading

. . . Not Received As Christmas Gifts

Cincinnati (AP)—The big baseball trade between Cincinnati and Cleveland, revolving around infielder Johnny Temple and pitcher Cal McLish, did not cause the players to believe they'd received early Christmas gifts.

In fact, Temple—star second baseman, lead-off man and spark plug of the Reds—was downright surprised and disappointed. He said he didn't want to be traded, then added he would do his best for Cleveland.

McLish, who won 19 games while losing only 8 for the Indians, said he'd hoped to remain at Cleveland even though Frank Lane — general manager — "never did like me." Later he said he was satisfied.

Martin Blames Gordon

And Billy Martin, one of the blunt young men who also came to Cincinnati in the deal, blamed Manager Joe Gordon. "So I'm out of the American League now because Gordon doesn't like me," he said.

Only Gordon Coleman, a stand-out minor league first baseman, had nothing to say about being sent to the Reds in the package.

The deal was one of 14 completed during the new inter-league 3 weeks' trading period and was made just before the midnight deadline.

Despite the players' remarks, Gabe Paul — general manager of the Cincinnati club — and Lane said they thought the exchange strengthened their clubs for the pennant races in the National and American Leagues.

'Pretty Shook Up'

The Reds tied for 5th place and Cleveland finished second.

Temple, who lives in Tampa, Fla., was told shortly after midnight.

"I'm pretty shook up," he said later. "I didn't want to be traded, but since I am, I'm glad it's to the other league, so I won't have to play against my old teammates."

He batted .311 last season, drove home 67 runs and scored 102 times. A firey player, he will bring no joy to American League umpires.

'Play For Competitor'

The veteran Martin, who is expected to take Temple's place at second for the Reds, feuded with Manager Gordon last summer.

Upland Bird Hunting To Close Soon

Nebraska pheasant hunters have only a few short days left to harvest ringnecks, reminds M. O. Steen, game commission director.

Rooster shooting, last of the 1959 upland-game-bird seasons, closes Dec. 27 in all parts of the state.

Goose gunners, too, have little time left to fill out. Following a 75-day season and some exceptionally heavy Canada goose kills, hunters must hang up their guns Dec. 23.

In many locales, Steen pointed out, pheasant hunting is even more productive than on opening day of the season. Sportsmen do not have to buck heavy weed and crop cover now, as most of the agricultural crops are out of the fields.

Recent warm weather, biologists report, has not congregated the birds in winter cover, but cold and brisk evenings have driven the ringnecks roosting in stubble fields into groups of 5 or more.

Squirrel hunting closes Dec. 31, while cottontails are legal prey year-around.

Unbeaten Brainard Batters Prague, 82-59

Brainard — Undefeated Brainard won its 6th game by smashing strong Prague here Thursday night, 82-59.

Larry Riha's 32 points led Brainard, which pulled away in the second quarter. Rudy Vanek had 21 for Prague.

Prague	16	17	14	12	59
Brainard	17	25	19	21	82

Winner's high—Larry Riha, 32; Loser's high—Rudy Vanek, 21.

Pius X Matmen Open With Win

Pius X opened its wrestling here Wednesday with a 21-6 nod over the School for Blind from Nebraska City.

Pius got pins from Dennis Dolezal and David Zwieg to lead the meet.

95 pound—Dale Driaialt, NC, dec. Pat Britefelder.
112—Orville Dasher, NC, dec. Jim Weber.
120—Darrell Travincek, PX, dec. George Ferris.
145—Bill Fowler, PX, pinned Harlen Lambrecht.
154—David Zwieg, PX, pinned Lonnie Lambrecht.
165—Fred Trumble, PX, dec. Dick Bonstell.
175—Dennis Dolezal, PX, pinned Lonnie Lambrecht.

CHICO GIVEN HIS RELEASE

Baltimore (AP) — The Baltimore Orioles Wednesday bought John Powers, a first baseman-outfielder, from the Cincinnati Reds and gave shortstop Chico Carrasquel, a 10-year American League veteran, his unconditional release.

Powers, 30, played in only 41 games and batted .268 last season with the Reds, who obtained him from Pittsburgh last winter.

Carrasquel broke in with the Chicago White Sox in 1950 and was picked on 4 All Star teams. He was traded to Cleveland in 1955 and then went to Kansas City before the Orioles got him a year ago. He will be 32 next month.

Title Lifted

Buenos Aires (AP)—The Argentine boxing federation has stripped Ricardo Gonzalez of his welterweight championship for refusing to fight challenger Alfredo Bunetta.

D'Amato To Be Tried For Failing To Note Subpoena

New York (AP)— Fight manager Cus D'Amato was ordered Wednesday to stand trial in special sessions Feb. 8 on a charge of failing to answer a subpoena — a violation of the general business law—from the attorney general's office.

The attorney general's office is one of 3 governmental agencies which have investigated or still are probing the June 26 Ingemar Johansson-Floyd Patterson heavyweight title fight. D'Amato manages Patterson.

D'Amato lost a unanimous decision on a demurrer which would have set aside any information concerning an alleged crime as insufficient.

Special Sessions Justice Benjamin Gassman headed a 3-member panel.

D'Amato, through attorney Julius November, then pleaded innocent. He was continued free in $2,500 bail.

Conviction on the misdemeanor could result in a year's prison term or a $500 fine, or both.

Only the day before the state supreme court postponed until Jan. 11 D'Amato's hearing on a motion seeking return of his managerial license by the state athletic commission. The commission revoked the license last month.

Solar Table

Sunset Thursday: 5:01 p.m.
Sunrise Friday: 7:46 a.m.
Sunset Friday: 5:01 p.m.

Legal shooting hours: Upland birds, small game animals—one half hour before sunrise to sunset; waterfowl—sunrise to sunset.

Sunrise and sunset hours are given for Lincoln and any point due north or due south. Since sun time changes approximately one minute for each 13 miles, add one minute to the above times for each 13 miles west of Lincoln, for each 13 miles east of Lincoln subtract one minute.

—'It Happened To Us In 1940,' Recalls Ex-Yankee Clipper DiMaggio—

NY's Fall In '59 Was Just One Of Those Things

By Oscar Fraley

Tokyo (UPI) — The Yankee collapse of 1959 was "just one of those things," Joltin' Joe DiMaggio asserts, and the Bronx Bombers will be back at the top of the baseball heap next season.

"It happened to us in 1940, after we had won 4 in a row," explained the one-time Yankee Clipper.

"They were all screaming 'Break up the Yankees' and then we blew it. But we came back too, just as they'll do next season."

What happened to the Yankees last season is the question most asked of DiMag.

How About Ted

"I guess the second question is whether Ted Williams will play next season," smiles the handsome Hall of Fame outfielder who retired after the 1951 season

"All I can say is that anybody's guess is as good as mine," DiMag adds. "But I would have to guess, as a former ballplayer and thinking as a former ballplayer, that he will decide to give it one more try.

"He couldn't want to quit a loser and, after all, he's entitled to one bad year. You can bet he'll be better this time around and then, probably, call it a career."

DiMaggio, who came out of San Francisco to become one of baseball's greatest players, isn't sorry he decided to quit.

"I'm enjoying the work I'm doing, even though it calls for a great deal of travel," said DiMaggio.

DiMag is a field man for a company which services U.S. military installations in the Far East with canned and frozen edibles.

In the last 6 weeks, he has appeared in Honolulu, Guam, Okinawa, Hong Kong, Taipei, Manila and throughout Japan.

Halfback Erich Barnes and Guard Abe Gibron of the Chicago Bears played college football at Purdue.

STATE USED 'ILLEGAL' FORMULA—UP

The Union Pacific Railroad Co. Wednesday accused the State Board of Equalization of applying an "illegal" formula in fixing its 1959 assessment at $70,015,144.

The railroad, ni a reply in the Supreme Court, maintained its valuation should not be more than $50,616,899. The Union Pacific is one of three railroads appealing the board's valuations to the high court.

The Union Pacific said the board arrived at an actual value for its property in Nebraska, then "arbitrarily and illegally applied a formula, which in and of itself was an arbitrary and illegal formula, to so multiply the actual value" and thus reach "an artificial figure."

The Union Pacific attorneys, F. J. Melia, James H. Anderson and G. C. Holdrege, also said they believe the brief filed in the case by the state "constitutes a gross oversimplification" of the issues and matters involved.

The other railroads also appealing are the Chicago, Burlington & Quincy Railroad Co. and the Chicago and North Western Railway Co.

All three are scheduled to hold oral arguments before the Supreme Court on Wednesday, Jan. 6.

Quality Urged

Memphis, Tenn. (AP) — An Australian clergyman says he detects concern among Southern Baptists over the emphasis their church is placing on quantity rather than quality of members.

Free Giving

New York (AP) — Members of the Free Methodist Church of North America are the freest Protestants in America when it comes to giving money to their church.

Yellow Fever, Once Scourge Of Continents, Now All But Eliminated

By Arthur Edson
AP Newsfeatures Writer

Washington (AP) —The news release from the Pan American Health Organization was as antiseptic and as unexciting as a hospital temperature chart.

But near the bottom of page two, in a worldwide report on diseases for the first 9 months of 1959, came this sentence:

"Yellow feaver is down, with only 6 cases reported in the Americas and 3 in Africa."

Suddenly came the thought: How much we take this attack on disease for granted. And yet what a Christmas present it is for the peoples of the world that only 9 cases of yellow fever can be found in 9 months.

Host Of Plagues

Yellow fever is but one of many diseases that once swept continents, mowed down populations like a relentless scythe, left civilizations so weakened they never recovered.

With all our present worries it's easy to forget past ones.

Look back to 1793. Not often has the U.S. government been put on the run, but in 1793, while it was in Philadelphia, it was routed. And to those who faced it, it was all the more terrifying because no one understood the terror.

The great Dr. Benjamin Rush first identified the trouble. He and two other physicians examined Catherine LeMaigre, the wife of a West Indies merchant.

The conclusion: "Malignant, contagious fever."

The disease spread. The Supreme Court shut down. Government and business closed. Scarcely a family escaped, including George Washington's official family. His brilliant secretary of the treasury, Alexander Hamilton, caught yellow fever.

One politician wrote: "The apprehensions of the citizens cannot be increased; business is in a great measure abandoned; the true character of man is disclosed, and he shows himself a weak, timid, desponding and selfish being."

Rush, peer of physicians though he might be, could only suggest the burning of gunpowder to clear the air and the general use of camphor and vinegar.

Well, in time ignorance was pushed back a little, and what once was a major pestilence has dropped down to the end of a news release.

Bonn Help Probable

Bonn (AP) — Ludwig Erhard, West German economics minister, says his country's participation in construction of Egypt's Aswan high dam appears certain. Erhard this week met with bankers and industrialists who want to take up contracts for dam work offered by the United Arab Republic and he will visit the U.A.R. next month.

Minors Again Liquor Board's Big Headache

Minors again proved to be the big headache for state liquor control inspectors.

In its annual report to the governor for the period Dec. 1, 1958 to Dec. 1, 1959, the Liquor Control Commission reported that arrests of minors constituted more than half of all the arrests for the 12-month period.

The commission said 295 of the 413 arrests were minors. Of these, 270 were convicted. Procurers for minors accounted for another 54 arrests and miscellaneous infractions totaled another 64 arrests.

Of the total 413 arrests, there were 380 convictions and only 33 dismissals of charges. Total fines amounted to $15,929.

The commission reported its collections of revenue from all sources was down from the previous year.

At the same time, expenses were up to $192,200 compared to $182,414 for the previous year. This was due to the purchase of 11 new cars for inspectors, the commission said.

Other report highlights:

For the 12-month period, the commission said its bulk of revenue came from spirituous liquors which produced $1,407,207. Beer was second with a total of $920,389.

The estimated consumption of alcoholic beverages in Nebraska for the year based on revenue was:

Spirituous liquors, 1,172,669 gallons; beer, 23,009,742 gallons; fortified wines, 354,118 gallons and light wines, 109,433 gallons for a total of 24,645,962 gallons.

The commission said it has issued 3,544 beer or liquor licenses in the state during the period.

Work On Lincoln Interstate Access '6 Months-Year'

Work on the 3-mile Interstate Highway access route to downtown Lincoln will probably be underway within 6 months to a year, according to State Engineer Roy Cochran.

Affected property owners can expect to have their land taken within that period, and some actual building removal will probably begin along the $7.4 million route, Cochran said.

The timetable could be delayed by congressional appropriations, the engineer cautioned.

Wiretaps Termed 'Dirty Business'—But Lawyer Claims They're Necessary

Washington (AP) — Two New York criminal lawyers voiced clashing views Wednesday on whether federal law officers should be allowed to engage in wiretapping. But they agreed the practice is "dirty business."

Paul W. Williams, former U.S. attorney for southern New York, told the Senate constitutional rights subcommittee it is essential that Congress remove barriers which now forbid federal law enforcement agencies to use in court evidence obtained by tapping telephone lines.

Williams noted that New York allows its police to tap phones. "I don't think New York would be a livable place" if this permission were withdrawn, he told the subcommittee.

Police State Evil

Harris B. Steinberg, also a veteran of practice in New York criminal courts, vigorously opposed wiretapping by any lawman. He said it smacks of police state methods.

Steinberg said the people could suffer from "throwing away their constitutional rights" in the name of protecting national security.

On one point both witnesses agreed that wiretapping is a dirty business. But Williams said "crime is a dirty business, too — a dirtier business.

Reds Rackets

Williams proposed amendment of federal law to permit wiretapping, and court use of the evidence, to combat communist conspiracies and major criminal plots in the fields of narcotics, extortion and other racketeering.

"We have weighted the scales more heavily in favor of the defendant and the prospective defendant than need be," he argued. "We are fighting crime with our hands tied behind our backs."

The subcommittee is studying constitutional aspects of the whole wiretapping problem and whether new federal legislation is required. After Williams and Steinberg testified, the hearings were recessed indefinitely.

Social Security Offices To Shift Over Weekend

The new Social Security Administration offices will open Monday at the National Bank of Commerce after a weekend move from its present location in the Veteran's Building.

A. F. Silber, district manager, said the new office will occupy the 4th floor of the old Hovland-Swanson building which has been incorporated into the bank's newly renovated larger structure.

He noted the new address of the office which serves 32,000 persons in a 17 county southeast Nebraska area, will be 121 No. 13th and beneficiaries may use the east entrance of the building.

Transmitters Of Vanguard III Silent

Washington (AP)—The space agency reported that transmitters aboard the Vanguard III satellite, launched Sept. 18, have gone dead.

The Vanguard III transmitted tracking signals and scientific data for a period of 85 days until becoming silent last week-end, the National Aeronautics and Space Administration said Wednesday.

The transmitter's silver-zinc batteries had an expected lifetime of about 90 days.

The Vanguard III had instruments aboard to measure the earth's magnetic field, X-rays from the sun, and environmental conditions in space. It is expected to remain in orbit about 40 years.

First National Capital Stock Increase OKd

. . . To $2,500,000

Stockholders of the First National Bank of Lincoln Wednesday voted to increase the capital stock of the bank to $2,500,000.

At the same time the bank directors voted to increase the bank's surplus account to $2,500,000 so that the total of capital and surplus will become $5,000,000.

As soon as final approval of these actions is received from the U.S. Comptroller of the Currency the changes will be reflected on the bank's books and the new shares of stock issued.

In speaking to the stockholders, Burnham Yates, president, noted the rapid growth in deposit and loan volume of the bank. He related the belief held by the bank's directors and management that further substantial growth appears likely of the economy of Lincoln and of Nebraska.

"The First National must anticipate the increase in use of bank service which will accompany economic growth, so that our customers may be well served," Yates stated.

Eager Rookie

Montreal (AP) — Thirty-one Montreal policemen found $5 parking tickets on their patrol cars parked in a reserved area behind Police Headquarters this week. The puzzled cops were told a rookie cop did not know the space was reserved for police cars and took a no parking sign literally.

Capitol Frenzy Feared If Steel Dispute Drags On

Washington (AP)—Sen. Clifford P. Case (R-NJ) said he is concerned Congress may act rashly and create a legislative monstrosity if the steel dispute is not settled soon.

At the same time, Sen. Kenneth B. Keating (R-NY) proposed that Congress furnish a new "arsenal of presidential powers" to enable the White House to deal more effectively with situations like the steel strike.

Case, a member of the Senate Labor Committee, said in a report to constituents that if the steel strike resumes when the court-enforced truce ends Jan. 26 there will be great pressures on Congress to act.

"Indeed," he said, "public demand will force some action. The public will not permit the nation's economy to grind to a halt."

May Be Hasty

In such a situation, Case said he fears Congress "may act rashly."

"The legislative result, in such circumstances, could be a monstrosity, unfair to both management and labor," he said.

"Both sides have got to . . . buckle down to real bargaining," Case said.

"If they want to continue working out their wages and working conditions through free collective bargaining, they have got to prove that process works in the steel dispute."

Sen. John L. McClellan (D-Ark), at a news conference in Chicago, said Congress will act swiftly if the steel dispute isn't settled by next month. McClellan, chairman of the Senate Rackets Committee, said he couldn't predict what kind of action might be taken.

Eyes Inquiry

Keating, in a speech at a contractors' convention in New York, proposed that when President Eisenhower returns from his goodwill trip abroad, he set up a new board of inquiry and "request it to recommend a just settlement which he could then strongly urge the two parties to accept."

The Steelworkers Union has proposed something along this line, but the industry has rejected the idea. Negotiations now are at a standstill—with a possible resumption of the steel strike little more than a month away.

In the long run, Keating said, Congress must provide the President with new powers to cope with strikes of national magnitude.

"Congress would be well advised to establish an arsenal of presidential powers so that the president could treat each national labor-management crisis individually," the New York Republican suggested.

"In any given situation he would then select that method or power which he believes to be most appropriate."

Keating did not spell out what new weapons the President should be given.

Jerome Warner Is Fourth To Enter 18th District Race

Jerome "Jerry" Warner of Waverly, filed Wednesday as a candidate for the Legislature from the 18th District.

His is the 4th filing for the seat being vacated by Sen. Otto Liebers of Lincoln. Dr. James L. Sellers, George A. Knight and T. J. Thompson had previously filed for the post.

Warner is the son of the late Charles J. Warner who served 13 terms in the Nebraska Legislature, was speaker of the first Unicameral, and was serving his 4th term as lieutenant governor at the time of his death.

Warner, 32, farms in partnership with his brother, Charles, near Waverly. Their operations include general farming, irrigation, and the breeding of registered Hereford cattle.

"My activities, both business and civic, have given me a broad knowledge of the problems and needs of the residents of the 18th Legislative District," Warner said in a statement released at the time of his filing.

"This coupled with my personal acquaintance within the 18th District will enable me to serve the best interests of the District," he continued.

"Integrity and fairness, together with a willingness to seek the opinion of the general public on proposed legislation are requisities for the holder of a legislative office. This will be the basic principle of my service," he stated.

A graduate of the Waverly Consolidated Schools and the University of Nebraska, Warner was a member of NU scholastic and scientific honoraries Gamma Sigma Delta and Alpha Zeta. He also was a member of livestock and judging teams, the National Brock and Bridle Club, and was recognized at honors convocations in 1949, 1950 and 1951.

He is currently chairman of the Lancaster County Committee for Reorganization of School Districts; a member of the City-County Planning and Zoning Commission; director of the Salt-Wahoo Watershed Association; chairman of the Agriculture Committee of the Lincoln Junior Chamber of Commerce, and treasurer of the Lancaster County Fair Board.

Other activities include vice president of the Lancaster County Extension Board; secretary-treasurer of Tri-County Livestock Feeders Association; director of the Prairie Home Co-operative Co.; master of the Capitol View Pomona Grange; lecturer of Waverly Grange 369, and voting delegate of the Lancaster County Farm Bureau.

Warner also has served as a sergeant with the Nebraska National Air Guard; was a crew leader in the 1959 agriculture census; is president of the Lincoln St. Paul Methodist Church Young Adults; a member of Sesostris Shrine Patrol, and Masons, Scottish Rite, York Rite and Shrine, and is a member of the Nebraska Livestock Feeders Association and the Nebraska Stockgrowers Association.

WNOA Meetings For 1960 Revealed

. . . Planned For Sidney, Bayard, Harrison

Hay Springs (UPI) — Dates and sites for 3 Western Nebraska Organized Agriculture (WNOA) meetings have been selected for early next year, according to Mrs. Charles Marcy, WNOA publicity chairman.

Meetings will be held in Sidney, Feb. 2; Bayard, Feb. 3; and Harrison, Feb. 4.

Mrs. Marcy said WNOA serves as an "annual meeting" for western Nebraska farmers. It is planned by western Nebraskans to bring farm people current information and research on problems in farming and homemaking pertaining to that portion of the state.

WNOA meetings have been held for the past 30 years, except for the war years. A board of directors, made up of representatives from Banner, Box Butte, Cheyenne, Deuel, Dawes, Garden, Kimball, Morrill, Scotts Bluff, Sheridan, and Sioux Counties, plan the program.

Nebraska News

Omaha Woman Honored For Rescue Action

Omaha (AP) — Mrs. June Pounder of Omaha was awarded a Northweatern Bell Telephone Co. citation Wednesday for helping to rescue 3 men and two boys from a sinking boat on a small lake near Fremont last May.

The citation said her "prompt and effective action . . . was credited with minimizing the effects of an accident which might have resulted in loss of life."

Mrs. Pounder and her husband were on a picnic when they saw the small motor boat start to sink. Only one of its occupants could swim so the couple helped the 5 to shore.

The telephone company has a policy of issuing citations for actions of this sort by its employes whether or not in the line of duty.

Find No Foul Play In Connor's Death

Omaha (AP) — Acting Coroner George Sullivan reported Wednesday that a preliminary examination showed no signs of foul play in the death of a 34-year-old Marshfield, Wis., man found dead beside a highway west of Omaha.

The dead man was identified as William D. Connor Jr., district representative for the South Dakota office of a farm implement company.

A hunter found Conner's body in a ditch. His car was parked 30 feet away.

Authorities were still awaiting an autopsy report.

Hearing For Robert Reed Is Delayed

Fremont (AP) — The Justice of the Peace Court preliminary hearing for Robert Reed, 27, on breaking and entering charges was recessed pending appearance of Safety Patrol Lt. Gerald Tesch as a state's witness.

Lt. Tesch was at Butte, Neb., as a state's witness in a murder trial.

Burglary Charge

Reed, an ex-convict, was charged with burglarizing the Kavich Furniture store at Fremont. The charge followed the finding of $34,119 in safety deposit boxes registered in Reed's name.

The loss in the furniture store burglary had been reported at $38,740.

Deputy Sherife Vernon B. Woodgate testified Reed told him that he found the money, and denied any implication in the break-in.

Deputy Sheriff Vernon B. Brainerd testified that he and Deputy Sheriff John Perkins found $24,935 in one safety deposit box and $9,169 plus $17.75 in change in the other.

Plastic Printing Plate Heralded As Revolution

Omaha (AP) — The Klopp Printing and Lithographic Co., Omaha, has produced its first plastic printing plate using photo-composition equipment.

Robert Klopp described the process as a forerunner to a revolution in commercial printing.

A photographic negative is made of the layout and the image is etched in a coated plastic plate, hardened by ultra-violet rays passing through the negative. The portion not hardened is melted away when washed in a chemical solution and the dried plate is ready for the press. The process takes about 25 minutes.

Ponder Independence

Brussels (UPI) — Belgian Congo Minister Auguste De Shcrijver announced that a conference would be held with Congolese political leaders in mid-January to determine whether it will be possible to give the African territory independence by the end of 1960.

J. R. Cooper Files For Governor

.. GOP Candidate

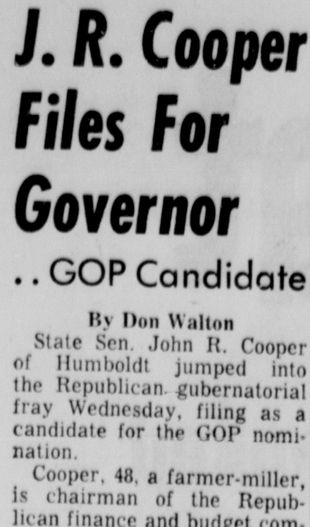

By Don Walton

State Sen. John R. Cooper of Humboldt jumped into the Republican gubernatorial fray Wednesday, filing as a candidate for the GOP nomination.

Cooper, 48, a farmer-miller, is chairman of the Republican finance and budget committee and a former state commander (1956-57) of the American Legion.

His filing was not unexpected.

Cooper — in his first legislative term representing the First District — pointed to government efficiency; greater state co-operation in industrial expansion, and "first-hand" knowledge of agricultural and public power problems as major planks of his campaign platform.

JOHN R. COOPER

"The first answer to our tax problems is efficiency in government," the senator suggested.

As for industrial development, he said: "The chambers of commerce, councils, majors, development corporations will receive a type of co-operation they had never before dreamed of if I am nominated and elected."

On agriculture: "Because of my background in farming and feeding, I know the problems first hand . . . I want Nebraska to stand for premium quality."

On public power: "Because I know the power problems of Nebraska I know that counsel and direction will lead it from the present temporary problem . . . a governor should speak softly but carry a big stick."

A native of Humboldt, Cooper has long been prominent in Republican circles.

A veteran of World War II, he has been active in American Legion circles, having served his home town post as commander in 1952-53 prior to his election as state commander.

Cooper lives on the farm he owns and operates near Humboldt, and is an officer in the flour and feed mill concern which has been in the Cooper family for 80 years.

He has been a town councilman, president of the Humboldt Chamber of Commerce, president of the Humboldt Rotary Club, and active in Richardson County Red Cross, Selective Service, and the March of Dimes.

Cooper is married and the father of two children. The family belongs to the Episcopal Church.

"If I become governor," Cooper said, "it will be as a man of modest means who will live on the salary I am paid.

"As a fourth generation Nebraskan, with grandchildren in the state, I will serve with humbleness and vigor, but with honesty and integrity in a way that will, to the best of my ability, reflect honor on the generations that have preceded, and that have followed me."

Buchanan Release Appeals Appear Unheeded

Havana (AP) — Prime Minister Fidel Castro's regime appeared in no mood Wednesday to heed appeals for the release of Miami Herald reporter James Buchanan.

In a sharply-worded reply to an appeal by William H. Cowles, president of the Inter-American Press Assn., for Buchanan's release, President Osvaldo Dorticos said the government and its courts are capable of handling the matter without outside interference.

He indicated the government does not recognize a parallel between Buchanan's attempts to interview escaped prisoner Frank Austin Young of Miami and the work of Buchanan and other American correspondents in interviewing Castro leaders during the rebellion.

(Buchanan, a former University of Nebraska student, at one time worked for the United Press in Omaha.)

Young, 38, is the soldier of fortune who escaped from prison for two days after being sentenced in Pinar Del Rio to 30 years in prison as the leader of an anti-Castro band. He was recaptured in a Havana hotel and Buchanan, 43, who interviewed him there, was charged with involvement in the escape.

The latest appeal for the release of Buchanan—now under his 6th day of detention—came from Miami's Commission of Inter-American Affairs. It said it is sending a representative to Havana to talk to Dorticos.

At the same time, Miami Herald Publisher John Knight said he was seeking an appointment for the emmisary to explain to Dorticos or Castro that Buchanan's behavior in the Young case followed the same code he used in the mountains when welcomed by Castro's leaders during the rebellion.

"It won't help much to appeal to Dorticos," a Cuban said.

"Fidel Castro is the only man who can turn Buchanan loose—and watching his performance on television Monday night, I don't think he wants to."

Castro made an anti-American speech to delegates attending a conference of sugar workers.

'Hate Americans Campaign'

Other observers said they believe Buchanan had been caught in the middle by Castro's "hate Americans" campaign.

"The Buchanan case gives him a hand-tailored opportunity to get revenge for what he calls the anti-Castro and anti-Cuban campaign by the American press," one source said.

The attitude of those directly in charge of handling Buchanan's detention has hardened. Neither a representative of the U.S. Embassy nor of the Miami Herald's editor has been admitted to see Buchanan the past two days. They were permitted to pass in food and other essentials.

Dr. Holyoke On Stand As Defense Witness

Butte (AP) — Defense witnesses took the stand here Wednesday in the first degree murder trial of Mrs. Sadie Dickerson.

She is on trial in the death of her son, 21-year-old Frank Vanderlinde, last June 21. Also charged is another son, Nyal Franch, 18.

Dr. E. A. Holyoke of Omaha, who examined Vanderlinde's body after it was exhumed testified a hole in the youth's head apparently had been inflicted when he was struck on the back of the head with a brace and bit or when he fell on the tool after he was hit.

Dr. Holyoke, in reply to questions, said that in his opinion there was no evidence that the hole in Vanderlinde's head could have been inflicted by deliberate drilling with the brace and bit.

Franch had earlier testified that he had thrown a brace and bit at his half-brother during an argument and that the tool hit Vanderlinde on the back of the head, Vanderlinde then falling with the tool under his body.

Franch had testified Mrs. Dickerson then ran to the fallen man and sat astride him. Franch said he saw movements of Mrs. Dickerson's arms and that she later dropped the brace and bit beside a tree.

Mrs. Dickerson and Franch both were calm and emotionless during Wednesday's sessions of court.

Dr. Holyoke told of laboratory experiments made in putting a brace and bit through a skull and the defense attempted to get a courtroom experiment but was overruled.

Friends and neighbors also testified Wednesday, in addition to county officials who identified various documents entered in evidence.

There were no indications when court adjourned for the day whether Mrs. Dickerson would take the stand.

Nebraska News

Mrs. Reynolds Quits 25-Year Secretaryship

Lincoln Star Special

Fairbury — Mrs. Bernice Reynolds has decided that 25 years of being secretary is enough. She has been keeping the records for Vashti Chapter, No. 68, Order of the Eastern Star for a fourth of a century.

Mrs. Reynolds

She has been an officer 32 years out of the 38 years that she has belonged to the order. She was worthy matron in 1933.

"I'll miss hearing from my out-of-town friends when they send in their dues. I would never send back their receipt without including a note," Mrs. Reynolds said.

In 1936, the Order of the DeMolay, honored her as the DeMolay Mother of the Fairbury chapter. This honor was the first that was given by the DeMolay in the U.S.

"I was really proud of that honor," commented Mrs. Reynolds, "but most of the boys have moved away from Fairbury now."

The ex-secretary is an avid sports fan and attends all of the high school and Fairbury college football games.

Lucas, Williams Join Ag Faculty

Two new members have been named to the staff of the University of Nebraska Department of Animal Husbandry.

They are Dr. Leo E. Lucas, a native of South Dakota, and Dave C. Williams, Jr., who has been serving as Johnson County Extension agent at Tecumseh. Both are Extension animal husbandmen at the College of Agriculture.

Lucas succeeds Donald F. Engel, who has entered the employ of Midwest Wool Marketing Cooperative, Kansas City, Mo.; Williams succeeds Morris L. Hemstrom, who has joined the staff of the University of Idaho, Moscow, Idaho.

Trussell Letter Not Worth Reply, Declares Schacht

Columbus—In commenting on a recent news story concerning a letter from Lester Trussell of Beatrice, manager of the Norris Rural Public Power District, regarding the district's recently voided power contract with the city of Beatrice, R. L. Schacht, general manager of Consumers Public Power District, states:

"The mere fact that Mr. Trussell's letter was delivered to the press and radio the day before a multi-list copy reached my office indicates it was intended only as a piece of propaganda and does not warrant a reply."

Schacht further said "Public Power in Nebraska has enough difficult problems without indulging in mud slinging and personal vendetta.

Should Accept Decision

"The Supreme Court of Nebraska has held that the Norris contract with the city of Beatrice is void on the ground that the Norris Rural Public Power District was organized to serve rural loads and the city of Beatrice could not be considered a rural load.

"Mr. Trussell and the Norris Rural District should be able to accept this decision of the highest tribunal in Nebraska in good grace."

Schacht concluded, "The facts stated in my letter of Nov. 20 to the mayor and council are correct."

Peru Vacation

Peru — Christmas vacation for students at Peru State Teachers College and Campus School will begin at 4 p.m. Friday, and continue until 7:50 a.m. Monday, Jan. 4, according to Dr. Neal S. Gomon, president.

Supt. Wyant Stresses Value Of New Infirmary At Beatrice State Home

By Dean Terrill
Southeast Nebraska Bureau

Beatrice — The newly occupied infirmary at the Beatrice State Home will be of great value to both patients and those hired to care for them, according to Supt. M. E. Wyant.

The superintendent explained that the Y-shaped structure was designed for the comfort of the severely retarded patients it will house, and also incorporates features to aid the staff in giving them special attention.

Air conditioning is one welcome feature of the new $205,000 unit, which is actually an addition to the general hospital. It is divided into separate wings for male and female patients, with a connecting corridor. There are 108 beds in the infirmary.

SUPT. WYANT . . . happy for more comfort for his patients in new infirmary.

Twenty-one new employes have been hired to maintain the wards, which were occupied only recently. They were given two days of intensive training by institution personnel and are working with experienced aides.

The new building also includes some offices which were formerly in the hospital, as well as a medical library and medical records room.

The non-ambulatory patients have previously been housed in various buildings, and moving them close to the medical care center is expected to facilitate their care. Dr. H. M. Hepperlen is medical director at the home.

Specially prepared food is brought to the wards in electrically heated carts.

Nebraska News

Dr. Knapp, 71, Beatrice, Dies

Beatrice — Funeral services for Dr. Frances C. Knapp, 71, extensive farm land owner, will be held at 2 p.m. Friday at Christ Episcopal Church. Her death followed a fall and a series of strokes.

Since the death of her mother in 1939, Dr. Knapp had managed about 1,800 acres of Gage County farm land she inherited from her parents. She was a graduate of the College of Osteopathy at Kirksville, Mo.

A member of Christ Episcopal Church, Dr. Knapp was a generous contributor to several Beatrice churches as well as charity organizations.

A cousin, Inglis Preston of Minneapolis, Minn., survives.

Miss Miller, New Thedford Editor At 78, Began Reporting 3 Years Ago

Thedford — Eleanora T. Miller, a firm believer of the adage that "you're only as young as you feel," started reporting for the Thomas County Herald-Clipper at the age of 75.

Now, 3 scant years later, Miss Miller surveys the goings-on of Thomas County from the top of the journalistic heap.

Miss Miller recently purchased the Herald-Clipper from longtime publisher Orien B. Winters. Winters had owned and published the Herald-Clipper since 1923.

A 20-year resident of Thedford, Miss Miller is no newcomer to community affairs. She served as director of assistance for Blaine and Thomas counties until 1955.

Magistrate Too

The amazing Miss Miller, who readily admits she's 78 years "young," still serves as Thedford town magistrate.

After years of service in welfare and religious education work, Miss Miller is "bright-eyed and rarin' to go" in her new role as editor.

The circulation of the Herald-Clipper, 300 when the new editor-in-chief took over, will "be 500 before I quit," Miss Miller vowed.

"I figure I can put about a quarter-million miles on the car before it falls apart," she says with a slight twinkle in her eye.

Attempt To Poison RFE Staff Is Denied

. . . But It's Still Something Of A Mystery

Munich, Germany (AP)—A report by Radio Free Europe (RFE) Wednesday that Communist agents tried to poison all its employes created a mystery.

U.S. authorities, the Bavarian Ministry of Interior, the Justice Ministry, political and criminal police and state security officials denied Wednesday night they had been informed of such an incident.

The European director of the American-financed private station, Erik Hazelhoff of Mount Kisco, N.Y., insisted he notified U.S. German authorities after finding poison in some of the salt shakers in the station's cafeteria Nov. 21.

Furthermore, Hazelhoff said the contents of the salt shakers were examined by U.S. Army medical authorities and were found to contain lethal doses of atropine. This is a derivative from the deadly nightshade plant.

A spokesman for the U.S. Army's Southern Command at Munich disclaimed any army participation.

Most of the 1,200 employes of the station are refugees from European Iron Curtain countries. There are about 100 American employes.

Raymond Gram Swing In Critical Condition

Washington (AP) — Raymond Gram Swing, veteran radio news commentator, was reported in critical condition in the Washington Hospital Center Wednesday after a heart attack.

Swing, 72, has been a newsman for over half a century. His first job was on a Cleveland newspaper in 1906.

He was a foreign correspondent for various newspapers before entering the radio field as a commentator.

Jayne Launches Battle Of Bulge

London (UPI) — Brigitte Bardot take warning: you are being put to the test.

The tester in this case is Jayne Mansfield who recently has completed two movies in the Bardot style of acting; that is, mostly undressed.

American and British fans will not see much difference, of course: the censors have taken care of that.

The real battleground lies in France. There over the next few months, movie goers will be able to judge on quantity as well as quality.

The blonde actress explained between giggles that the films marked a transition phase in her career from glamor girl to dramatic actress.

"I play both roles in them," she said. "I want people to think of me as a well rounded entertainer."

Rites Held For Rock

Denver (AP) — Findings in an autopsy were disclosed Wednesday as funeral services were held for George F. Rock, Denver civic leader found dead in a park last Sunday.

Rock, 52, was a Democratic national committeeman and president of the Bank of Denver. Police are holding two Negro women, both listed as prostitutes, in connection with his death.

Officers say Rock joined the women early Sunday after a Shriners stag party at a downtown hotel. The women, Darlene Gresham, 29, and Lona Machado, 24 claim Rock fell down a flight of stairs at their northeast Denver rooming house.

Officers were told that Rock's head struck a radiator pipe in the fall. The women and a taxicab driver, Walter Trimble, 28, say they drove Rock to the park and left him there, still alive.

Considerable Alcohol

An autopsy report said Rock had a blood-alcohol count of .175 as compared with a count of .150 required by Colorado courts for prosecuting charges of intoxication.

The report also said Rock suffered a skull fracture and a broken breastbone.

"These injuries could have been sustained accidentally in the fall," said Detective Chief Walter Nelson.

Rock's funeral was attended by Gov. Steve McNichols, Mayor Dick Batterton and U.S. Sen. John Carroll (D-Colo.).

Rick is survied by his wife, Marie, and 3 children.

'Battle Of Bulge' Fighters, Writers Meet At Reunion

New York (AP) — A group of military men and former war correspondents commemorated the 15th anniversary of the "Battle of the Bulge" with a reunion at the Overseas Press Club.

The informal, closed meeting was devoted mainly to reminiscing by the officers and newsmen who had been involved in the historic battle.

Among those attending were retired Maj. Anthony McAuliffe, who replied "nuts" to a German demand that he surrender at Bastogne; Gen. Ernest Harmon, who commanded the Second Armored Division, Col. Barney Oldfield former Lincoln newspaperman, who was public relations officer for the 9th Army during the battle, and Col. E. A. "Monk" Dickson, an intelligence officer during the German breakthrough.

Connection Said Possible Between Molestation Cases

Omaha (AP) — Omaha police said Wednesday there could be a connection between a recent molestation case and the stabbing Monday night of 18-year-old Carol Ann Snellenberg.

The Creighton University co-ed was shown a 17-year-old white youth who fitted some of the details of her description of the one who stabbed her 10 times, but she could not identify him. He was released.

However, when interviewed in the hospital she said she wasn't quite sure of the color of her attacker's hair, which she had previously described as blond. This led police to conjecture he might have been the same youth who seized an 18-year-old high school student Tuesday but fled when she bit his hand.

The other molestation cases are under investigation.

Prof Quits Under Fire

Brookville, N.Y. (AP) — A Long Island College professor, under fire for giving up his American citizenship and becoming a Nazi wartime propagandist, quit his teaching post Wednesday.

It was the third such job Prof. Edward C. Sittler's one-time Nazi convictions have cost him. He claims he long since abandoned these youthful beliefs and now wants his citizenship back.

Sittler resigned as assistant professor of English and German at Long Island university's C. W. Post College. He had been hired last September.

Two Dismissals

Previously, the 43-year-old American-born Sittler had been dismissed from the faculties of Northwestern University and the Michigan Institute of Mining and Technology.

Sittler returned to this country from Germany in 1947. Since then, he said, he never has earned over $3,000 a year. Seven of his 8 children remained behind in Germany because, he maintained, he can't afford to bring them here.

The resignation of Sittler came while the university publicly was standing firm for his retention.

HERE IN LINCOLN

Money Taken—Evelyn A. Forst of 324 So. 12th told police her apartment was entered while she was away and about $10 was taken.

Behlen Stock Is Offered To Public For First Time

Columbus—The first public offering of shares of stock of Behlen Manufacturing Co. at Columbus is being made by an independent group of underwriters headed by Smith, Barney & Co., Kirkpatrick-Pettis Co., and the First Trust Co. of Lincoln.

The offer consists of 370,000 shares of common stock priced at $15.50 per share.

Of the 370,000 shares, 70,000 shares represent new financing by Behlen. The balance of 300,000 shares has been owned by members of the Behlen family who, after the offer, will own 65.42% of the 1,070,000 shares of combined common stock and Class A stock to be outstanding.

Behlen produces largely of its own design a line of custom and mass-produced metal buildings for farm, commercial and industrial uses and a line of metal corn cribs, grain dryers and grain bins.

Established in 1941, the business from its beginning has been under the management and control of its present owners.

A cash dividend of 20 cents per share has been declared on common stock, payable Feb. 1, 1960, to stock of record Jan. 20, 1960.

One agate line of copy in every daily newspaper in the U.C. costs $264.70. $2,647 buys a ten-line message in 58,000,000 copies of daily newspapers.

13TH AND "O"
WONDERFUL CHRISTMAS GIFT IDEA!

Amazing New ION Producing PURITRON
HAILED BY DOCTORS
FOR RELIEF OF
HAY FEVER, ASTHMA, SINUS, ALLERGIES

U. S. Pat. No. 2,855,641

$39.95
Double Size Unit
Model #800 . . . $69.95
Just plug in; it's portable!

A remarkable new "Puritron" has been developed by electronic scientists. It is being acclaimed by doctors after they buy it and see it work in their own homes, for their own families — and for their patients in their offices and operating rooms.

PURITRON clears any room of irritating dust, odors, pollen and smoke. *It's better than a kitchen exhaust fan.*

"Energized" Air—Flooded With Ions—
Proves Beneficial to Asthma, Sinus, Hay Fever and Allergy Sufferers

Patented Puritron action floods the air with a high concentration of newly acclaimed "negative Ions"—invisible "energized" particles in the air, now performing medical miracles through "Ion Therapy" in hospitals all over the world. Sufferers report remarkable relief from respiratory discomfort . . . breathing, sleeping are easier—even for asthmatics.

READ WHAT DOCTORS AND USERS SAY ABOUT PURITRON!

"Surpassed all expectations. Performs miracles for a dust allergy patient" (Pennsylvania doctor) . . . "For the first time I woke up without sinus trouble" (New Jersey MD) . . . "Controlled a stubborn form of respiratory allergy in my daughter, age 5" (Southern physician)

"First time in 13 years my son has slept with his mouth closed . . . not fighting to breathe. No sore throat, no cracked lips. To the inventor and manufacturer, my thanks." • "Tried so far only one day and found it gave marvelous relief. Thanks!" • "I get asthma with hay fever and that's why I bought Puritron. Believe me it is wonderful. Makes me breathe easier . . . and sleep. (All testimonials above were unsolicited.)

Stock Market Closes Mixed

New York (AP) — A raft of individual issues including some aluminums were strong Wednesday in a mixed stock market.

Although popular averages were up slightly, the losers outnumbered gainers.

The aluminums were boosted during the session by the trend toward rising prices to meet a bigger world demand. After the close, Alcoa announced it is boosting the price of aluminum pig.

Special news, reports or recommendations sparked an assortment of stocks and trading interest was high. This was reflected by the 15 most active stocks, 11 of which advanced while three declined and one was unchanged. Electrical & Musical Industries when issued.

Switching from one depressed issue to another in order to establish a tax loss and have a prospective gainer in the expected yearend rally was a prominent factor.

Investment demand moved up enough of the pivotal stocks to give the averages a higher reading despite the overall downtrend.

The Dow Jones industrial average rose 1.42 to 675.20.

The Associated Press average of 60 stocks rose 20 cents to $228.90 with the industrials up 60 cents, the rails off 10 cents and the utilities off 10 cents.

Of 1,264 issues traded, losers outnumbered gainers by 555 to 491. New highs for the year totaled 25 and new lows 33.

American Stock Exchange prices were irregular. Volume was 1,620,000 shares compared with 1,560,000 Tuesday.

Government bonds declined Wednesday for the third consecutive session this week. Losses reached 12-32 in light turnover but a number of issues established new 1959 lows.

Volume declined to $6,550,000 par value on Big Board from $7,350,00 Tuesday.

Rye, Soyas Lead Grain Declines

Chicago (AP) — Grain futures trading ended in general weakness Wednesday as dealers evened up commitments and awaited the government's final crop report of the year.

Rye and soybeans led the declines with losses of more than a cent in soybeans and as much as two cents in rye. Wheat, corn and oats closed on mostly small fractional charges.

Major trade interest centered in the Department of Agriculture estimate of 1959 soybean yield. Many brokers had said they expected the November figure of 528½ million bushels to be cut about 5 million. Others said they expected an increase.

Because of the difference of opinion, prices of that commodity skipped over a broad range under alternate flurries of short covering and liquidation.

Wheat was ⅛ cent a bushel higher to ¼ lower at the close. December $1.97¼; corn ¼-⅜ lower, December $1.09⅛-¼; oats ¼-⅝ lower, December 75⅞-76; rye 1½-2 cents lower, December $1.26¾-⅞; soybeans ⅛ higher to 1⅛ lower, January $2.14½-⅝.

Hogs Steady To 25c Lower

Omaha (AP) — Independent packers sparked an active trade on heifers in the Omaha market Wednesday.

Trading on beef cattle otherwise was slow under lower bids.

Butcher hogs were steady and instances 25 lower; wooled slaughter lambs were 25 and in spots 50 lower.

OMAHA

Hogs: Salable Wednesday 13,500; U.S. No. 1-3, 180-240 lbs. butchers steady; No. 1 and No. 1 and 2 steady to 25 lower; other weight barrows and gilts about steady; sows steads to 25 higher; U.S. No. 1-3 and No. 2 and 3, 180-240 lbs. 11.25-12.00; more uniform weight these grades and No. 1 and 2, 200-235 lbs. 12.00-12.25; largely No. 1 and No. 1 and 2, 200-230 lbs. 12.50; sows 300-350 lbs. 7.50-9.50; over 600 lbs. 7.25; under 310 lbs. 10.00.

Cattle: 7,000; calves 100; fed steers weak to 50 lower; fed heifers well up in choice about steady; other heifers weak to 25 lower; instances 50 off on some good to low choice; cows steady to weak; high choice and prime 1,307 lbs steers 26.25; 1,025-1,150 lbs 25.75-26.00; choice steers 24.00-25.00; good and low choice 21.00-24.00; high choice and prime 1,126 lbs fed heifers and part load around 1,000 lbs 24.75; choice heifers 23.25-24.50; good and low choice under 900 lbs 23.00-23.50; utility cows 14.00-15.00; commercial 15.50-16.00; canners and cutters 11.50-13.50; individuals 13.75; border line cutter to low utility 14.00.

Sheep: Salable 2,500; slaughter lambs fully 25 some 50 lower; slaughter ewes about steady; good and choice 85-105 lbs. wooled slaughter lambs 16.50-17.50; mostly choice 107 lbs. wooled lambs 18.00; good and choice 85-100 lbs. shorn slaughter lambs No. 1 and fall shorn pelts 16.25-16.75; mostly choice fall shorn 17.00; cull to good slaughter ewes 3.50-5.50.

CHICAGO

Butcher hogs over 220 lbs were as much as 25 cents a hundredweight lower Wednesday but lighter weights were steady.

The 10,000 head on sale brought the total for the week to 31,000, down 5,000 from the first three days of last week which ended near the record high run for the year.

With trade not more than moderately active, buyers sorted out about 100 head of mostly No. 1 grade in the 200-215 lb range for which they paid $12.85-13.00. Other mixed grades up to 220 lbs sold at $12 00-12.50 and heavier weights down to $10.25. Sows were $8.00-9.75.

In the cattle market, slaughter steers up to 1,300 lbs were steady but heavier offerings of choice grade and below were off as much as 50 cents. A few 1,200-1,375 lb mostly prime brought $27.25-28.00. High choice and mixed choice and prime up to 1,300 lbs moved at $26.00-27.00, strictly choice down to $24.50 and good grade down to $22.00.

Vealers sold at $30.00 and down with the market steady for that class. Heifers were steady to 50 cents lower and bulls 25 to 50 cents higher. Heifers grading good to high choice and prime were $22.00-25.25 and utility to commercial bulls $19.50-21.50.

The sheep market was slow with another large supply of 3,500 head on sale. Wooled slaughter lambs were about steady and sold at $16.50-18.25 for good and choice, ewes $3.50-5.00 for cull to choice. About 1,000 lambs were unsold.

Hogs: 10,000; steady to 25 lower; U.S. No. 2-3 190-220 lb. 11.75-12.50; 100 head No. 1 200-215 lb. sorted 12.85-13.00; mixed No. 2-3 220-250 lb. 11.25-12.00; mixed No. 2-3 250-280 lb. 10.75-11.50; No. 3 290-320 lb. 10.25-10.75.

Cattle: 15,000; calves 100; slaughter steers steady; 1300 lb. up choice and below weak to 50 lower; 1050 lbs. down fairly active; heifers steady to weak; bulls 25-50c higher; vealers steady; most high choice and

SELECT HOMES

1. EASTMONT—If you are looking for a top quality new large family home, this is one you should see. This modern home has just been completed and has near 1800 sq. ft. of livable area. Besides 3 large bedrooms and 2 baths, this home has a luxury sized family room with sliding glass doors and also a large living room. Double wood-burning fireplaces. A large double finished garage and all birch cabiets, in a fine modern kitchen. This home also features split shake roof. And is situated in one of Lincoln's nicest new locations. Price $30,000.
2. DUPLEX—This large brick duplex with double attached garage has just been completed in a fine Country Club location. Both units are large 2 bedroom with separate utilities and also features large living and dining areas. This unit would make a fine home and income or investment. Price $26,500 and up.
3. CASINO HEIGHTS — A newly completed large 3 bedroom brick with large living, kitchen, attached garage and full divided basement. For only $18,600, we also have in the same area several other nice brick homes starting at $15,000. These homes can be purchased at low down payment FHA.
4. AG COLLEGE—If you are looking for a large 2 bedroom brick with attached garage in one of Ag College's finest locations this is it. Situated in an area of all new homes. Price $14,500. We also have nearing completion a larger 2 bedroom for $16,300.
5. SOUTHEAST—This beautiful brick 3 bedroom home situated in an excellent southeast location, near 1,000 sq. ft. Extra large kitchen, $14,350, $550 down FHA. We would be glad to trade on this fine home. We also have others in the area nearing completion.
6. NEAR NORTHEAST — We have under construction and can build to suit you in this good northeast area, a tri-level brick home with 1186 sq. ft. living space for only $13,200. Also other 2 and 3 bedrooms starting at $11,900, all built under FHA. Small down payment.
7. NORTHEAST—An excellent buy in a 2 year old 3 bedroom frame with full basement, fenced in yard, central air conditioning. Can be bought for only $12,500, $900 down, FHA.
8. NEAR 7th & D—This new listing is an excellent family home, 3 bedrooms up, nice dining, living room, new kitchen cabinets. Detached garage. Price $8,950, $750 down, FHA.
9. CLOSE IN—If you are looking for a good buy in a seelct older story and ½ this is it. 2 bedrooms up, one down. Price, $7,450, good FHA financing.

TRADE

If your present home is too small, or too old, we would be happy to trade your equity for a home of your choice from our many listings or homes that we have under construction.

2 Unsolved Deaths Among '59 Crimes

. . . Holdrege, Lyons Slayings Probed

By Bill W. Dean
Associated Press Staff Writer

Two bodies left beneath the open sky of lonely countrysides, one in a ditch, the other in a field.

Why were they killed? Who left them there?

Perhaps another year will tell. The two deaths are the most intriguing unsolved crimes of 1959 in Nebraska.

The killing of Carl (Shorty) Prewitt, 45-year-old ex-carnival worker who tended a Holdrege filling station, was a particularly brutal one.

Early Sunday, Jan. 11, a customer found the station deserted. An investigation determined Prewitt had been interrupted as he cleaned a rest room. Fifty-four dollars was missing from the cash register.

The search for Prewitt ended Jan. 12 when a farmer came upon a body in a back road ditch about 20 miles south of Holdrege in Harlan County.

Prewitt had been badly beaten. Except for his socks, his clothing was gone. An autopsy indicated he had died of a slashed throat as he lay in the ditch.

Donalyn Deeds was 17 and pretty. In January she was married but later divorced and went to work in Fremont during the summer. She quit the job to return to school in Lyons and was last seen Aug. 29 apparently on her way to a movie.

On Oct. 10 a farmer mowing an alfalfa field southeast of Lyons found Donalyn's decomposed body. Her white purse was nearby.

Girl Was Stabbed

For several days an Omaha pathologist pondered the autopsy results and studied X-rays. His conclusion was the girl apparently had been stabbed in the neck. The slaying, he believed, had occurred elsewhere and her body had been dragged into the field.

Authorities this week continued their search clues to the slayers and motives in both cases. Both Harlan County Attorney Robert McKelvie and Burt County Attorney Fred S. Jack said there was nothing new to report.

NPPS, Hastings Interconnection Given Go Ahead

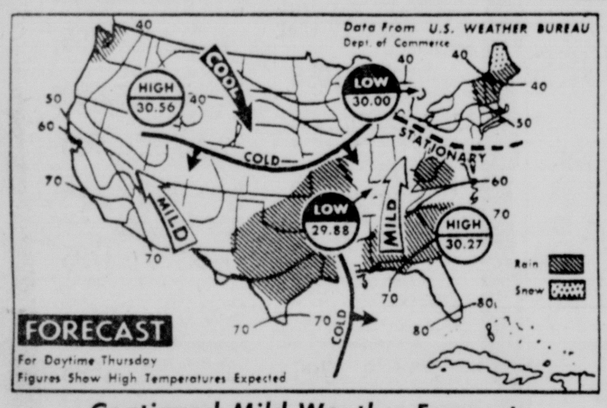

Hastings (UPI)—An electrical interconnection with the Nebraska Public Power System was approved by the Hastings City Council.

The contract is effective Jan. 1, 1960, with the actual interconnection expected to be completed by November, 1960, according to John Foster, city utilities manager.

Bids probably will be let early in February for the materials necessary to construct about 3 miles of high-voltage line between the Hastings power plant sub-station and the NPPS sub-station.

In addition to the new line, the city may rent or install switching equipment at the NPPS sub-station.

The 1960 utilities budget allows $210,000 to cover the cost of the interchange.

Continued Mild Weather Forecast

Rain is due Thursday from Texas across to South Carolina, in the central Appalachians, middle Mississippi Valley and north Pacific Coast. Rain changing to snow is forecast for northern parts of New England. It will be cooler from the Pacific Northwest across to western Lakes district, with continued mild weather elsewhere. Sunday Journal and Star

Brings you these Parade features, Dec. 20th

CHRISTMAS AT OUR HOUSE

Roy Rogers tells how the true meaning of Christmas came to his family at the Double R Bar Ranch.

THE SMALLEST GIFT—A pottery fragment found in Nazareth by Parade's Washington correspondent is the basis for this tender Christmas story.

THE REINDEER BOY—Markku, a Lapland child, writes an open letter to the children of America. He explains how his pet reindeer pulls Santa's sleigh each Christmas eve.

GOODBYE, ROCK 'N' ROLL—Dreamy love songs are on the way back and Rod Lauren, the newest teenage singing idol, is on hand to sing them. One reason for his sudden popularity is the singer's startling resemblance to the late Jimmy Dean.

I CHOSE TO LIVE—In a heartwarming story of courage and survival, a veteran lineman who lost three limbs as a result of an electrical accident tells why he chose life—even the life of a cripple.

AN ALL-AMERICAN CHRISTMAS DINNER—Beth Merriman gathers favorite holiday recipes from the four corners of our nation to grace your Christmas table.

120 Barrels Oil Spilled On Street

Harrisburg (AP) — A semi-trailer tanker truck overturned and spilled 120 barrels of oil in the street here Wednesday.

The driver, Clyde Whaley, 23, Gering, suffered bruises and cuts. Rescuers broke off the steering wheel to free Whaley from the cab.

The truck was owned by the Camerlind Pipe Line Co. and had a load of crude oil.

Windbreak Research Advocated By Reed

Nebraska News

Eugene Reed, chief of the University of Nebraska's Conservation and Survey Division, says the state needs more research on natural and artificial windbreaks.

He told a meeting of the State Soil and Water Conservation Committee and University of Nebraska College of Agriculture staff members that hot winds wreak havoc in Nebraska so the state cannot compete with other areas in growing certain specialty crops.

Reed recommended investigation of mechanical windbreaks to cut wind velocity and reduce evaporation.

Milton Fricke of Papillion, immediate past president of the state committee, suggested a close look at technical standards for soil and water conservation structures with a view to getting something more workable and economical, and a built-in maintenance program to help farmers maintain these structures.

Champ Pie Baker

Holdrege — Carolyn Peterson, 15, daughter of Mr. and Mrs. Albert Peterson of Holdrege, is Phelps County's cherry pie-baking champion. A Holdrege High sophomore, she will participate in the state contest at Lincoln Jan. 2.
